Grain Sorghum Profitable Crop For Panhandle

According to rough estimates and scattered reports the grain sorghum crop in Randall County will total between two and one-half and three million dollars. Total acreage of the county was figured at 80,000 while the estimate of yield per acre varies with the land. Some of the dry land grain sorghum will turn out as little as 20 bushels per acre while some of the irrigated land will go as high as 60, it was reported.

It was also reported that this was one year almost every farmer was ready for frost before the first one came. Even with the rains during the past few weeks, it was pointed out that the weather has not hurt the grain sorghum harvest. Although the harvest is not finished and all estimates contain a certain amount of guesswork, unless the price fluctuates sharply, it is safe to guess that the total income will be between \$2,500,000 and \$3,000,000.

A. Jacobs in Jail For Molesting Girl

A. Jacobs is in jail awaiting the action of the grand jury when picked up on the charge of molesting a young Mexican girl.

Jacobs is said to have been practicing medicine without license, and admitted that he had been charged on a similar charge in another state.

Fire Does Small Damage Taylor-Evans Elevator

Fire razed a small building and rendered useless a steel hoist electric motor at the site of the new Taylor-Evans Elevator about 5:30 a. m. Sunday. The fire was discovered by John King who made a vain attempt to put it out.

Fifteen minutes after the volunteer fire department had been notified they had two trucks at the scene.

Because the fire was of an electrical nature and the men could not get the electricity turned off a fast, ingenious system of extinguishing the fire was employed. Because water is a good conductor of electricity and a steady stream to the fire would have been the same as holding the powerful electric wire in their bare hands, the firemen shot the water on the fire in short bursts. Due to this ingenuity on the part of the firemen, the fire was quickly extinguished.

Cemetery Trustees Named Saturday

At a meeting of land owners who donated the land for the Umbarger Cemetery Saturday, trustees were named to administer the affairs of the cemetery.

Bill Money, Leland Graves and Clarence Beckman were named as trustees.

Mrs. B. F. Kelley of Plainview visited in the D. P. Clark and G. W. Morrison home the latter part of last week. She is a sister of Mr. Clark's and an aunt of Mrs. Morrison.

Otto Samuelson and son, Bobby, spent the week-end in Dallas with their son and brother, Norris, who is in the Crippled Children's Hospital.

Dollar Day Offers Better Values For Customers Friday

Another day of community wide values comes to the vicinity Friday. It's the day of the regular monthly Dollar Day values. Merchants have been performing a dual task during the past two weeks. The Homecoming preparation of floats took up the biggest part of last week while the planning and getting out bargain stock has loaded the schedule for this week.

During the Homecoming excitement there was little or no time for planning an ad or getting out the merchandise for special value. This meant that most of the merchants had to start at the beginning Monday morning. Another week of fast paced activity got underway early Monday morning.

Almost every merchant has reported favorable results from previous Dollar Day Values that have been offered since this particular Dollar Day move started. There is also an optimistic view being taken concerning the future of this move. As the season moves into holiday spirit, more and more people are going to be looking for better values. The buying public and the selling merchant will be striving for a better understanding of each others' desires in the merchandising field.

A lot of work and a lot of planning is required to make Dollar values possible. Merchants offering these values are making a special effort each month to give the buying public worthwhile bargains.

Mr. and Mrs. T. M. Bowman of Wheeler visited Sunday in the home of Mr. and Mrs. Riley Troth Sunday.

Pressure To Go On Careless Parking

Careless parking in fire lanes and alley exits is going to be brought to an end, according to John King, Chief of Police. King says, "if you don't believe the clamp is on, ask Bill Sternberg, he got caught parking too near a fire plug!" For the past few weeks there has been considerable stress placed upon the importance of keeping fire lanes and alleys clear of parked cars. It has also been pointed out that a needless tragedy could occur from thoughtless or careless parking.

Inch of Rain Falls Over a Part of County

Rain fell in Randall county Friday night and again Tuesday night. The total moisture received in Canyon Friday totaled .62 of an inch, while that of Tuesday night measured .30 of an inch.

Newton Crain stated Tuesday that he had received practically no rain at his farm nine miles southeast of Canyon. The southeast part of the county has been skipped by the moisture of this fall, stated Mr. Crain.

While a large part of the row crop has been harvested, there is still home feed in the fields to be cut. Those with grain standing are now hoping for a light freeze.

Mr. and Mrs. Euman Lyles and Charles of Matador visited in the Jim Latimer home Sunday.

Revival Will Continue in All Methodist Groups

Rev. J. Troy Hickman, pastor of the Ozona Methodist Church, is leading the revival meeting held at the Methodist Church this week. The meeting will continue through next Sunday.

Holmes Ambrose is leading the choir for the week and sings at each night service at 7:30 o'clock.

Young people of the church attended a mass meeting held at the Polk Street Methodist Church Sunday afternoon. A group meeting will be held next Sunday afternoon at the Amarillo municipal auditorium, with admission by ticket only.

Community Parade in Homecoming Fete

College class prize winning floats in Saturday's parade were taken by two popular sororities at WTSC. Pi Omega Sorority took first place and Kappa Kappa Tau got second. In the commercial class the two prize winning floats were the Olympic Theater and the Southwestern Public Service Company. Community Organization's prize-winning floats were the FFA and the 4-H Club. The Chamber of Commerce had mailed the prize winning checks to the winners by Tuesday morning.

The parade Saturday climaxed a week of preparation for welcoming the exes back to their Alma Mater. Under a canopy of grey skies and amidst the chilly morning atmosphere, the parade wound its way up 3rd Avenue, around the west, south and east side of the square and back down 4th Avenue. More than 45 floats and vehicles took part in the parade in honor of the homecoming exes. Colorful bands provided music as the parade streamed by. The 17 bands represented virtually every town, city and village in this section.

Marching in the parade was a mixed group of scout members. Both boys and girls made up the group of scouts paying tribute to the Homecoming exes. A dash of western flavor was given the parade by the mounted T-Anchor Club and the Hereford Riders.

A touch of comedy was provided by the bucking car. The bucking action of the car was provided by front wheels set slightly off center. As the car rolled it had a leaping motion. Every now and then one of the riders of the car leaped out, poured water in the radiator and the untamed automobile would then continue on its way.

At the head of the Homecoming Parade was Sheriff Cantrell who opened the siren of his official car at regular intervals. The parade also boasted such unique features as the surrey with a fringe on top, a motor scooter being chased by a western character who kept up an incessant firing of his pistol. The last vehicle of the parade was Chief of Police John King.

The parade was only one phase of the many celebrations marking the annual Homecoming of West Texas State College Exes. The

barbecue supplied a delightful meal for the Homecomers and the football game with Hardin-Simmons entertained the record crowd more than 2 hours.

With the ending of the football game many exes hit the road for home while others remained for the dances which closed the Homecoming activities for another year.

C of C Manager Is Honored by Work in Recreational Field

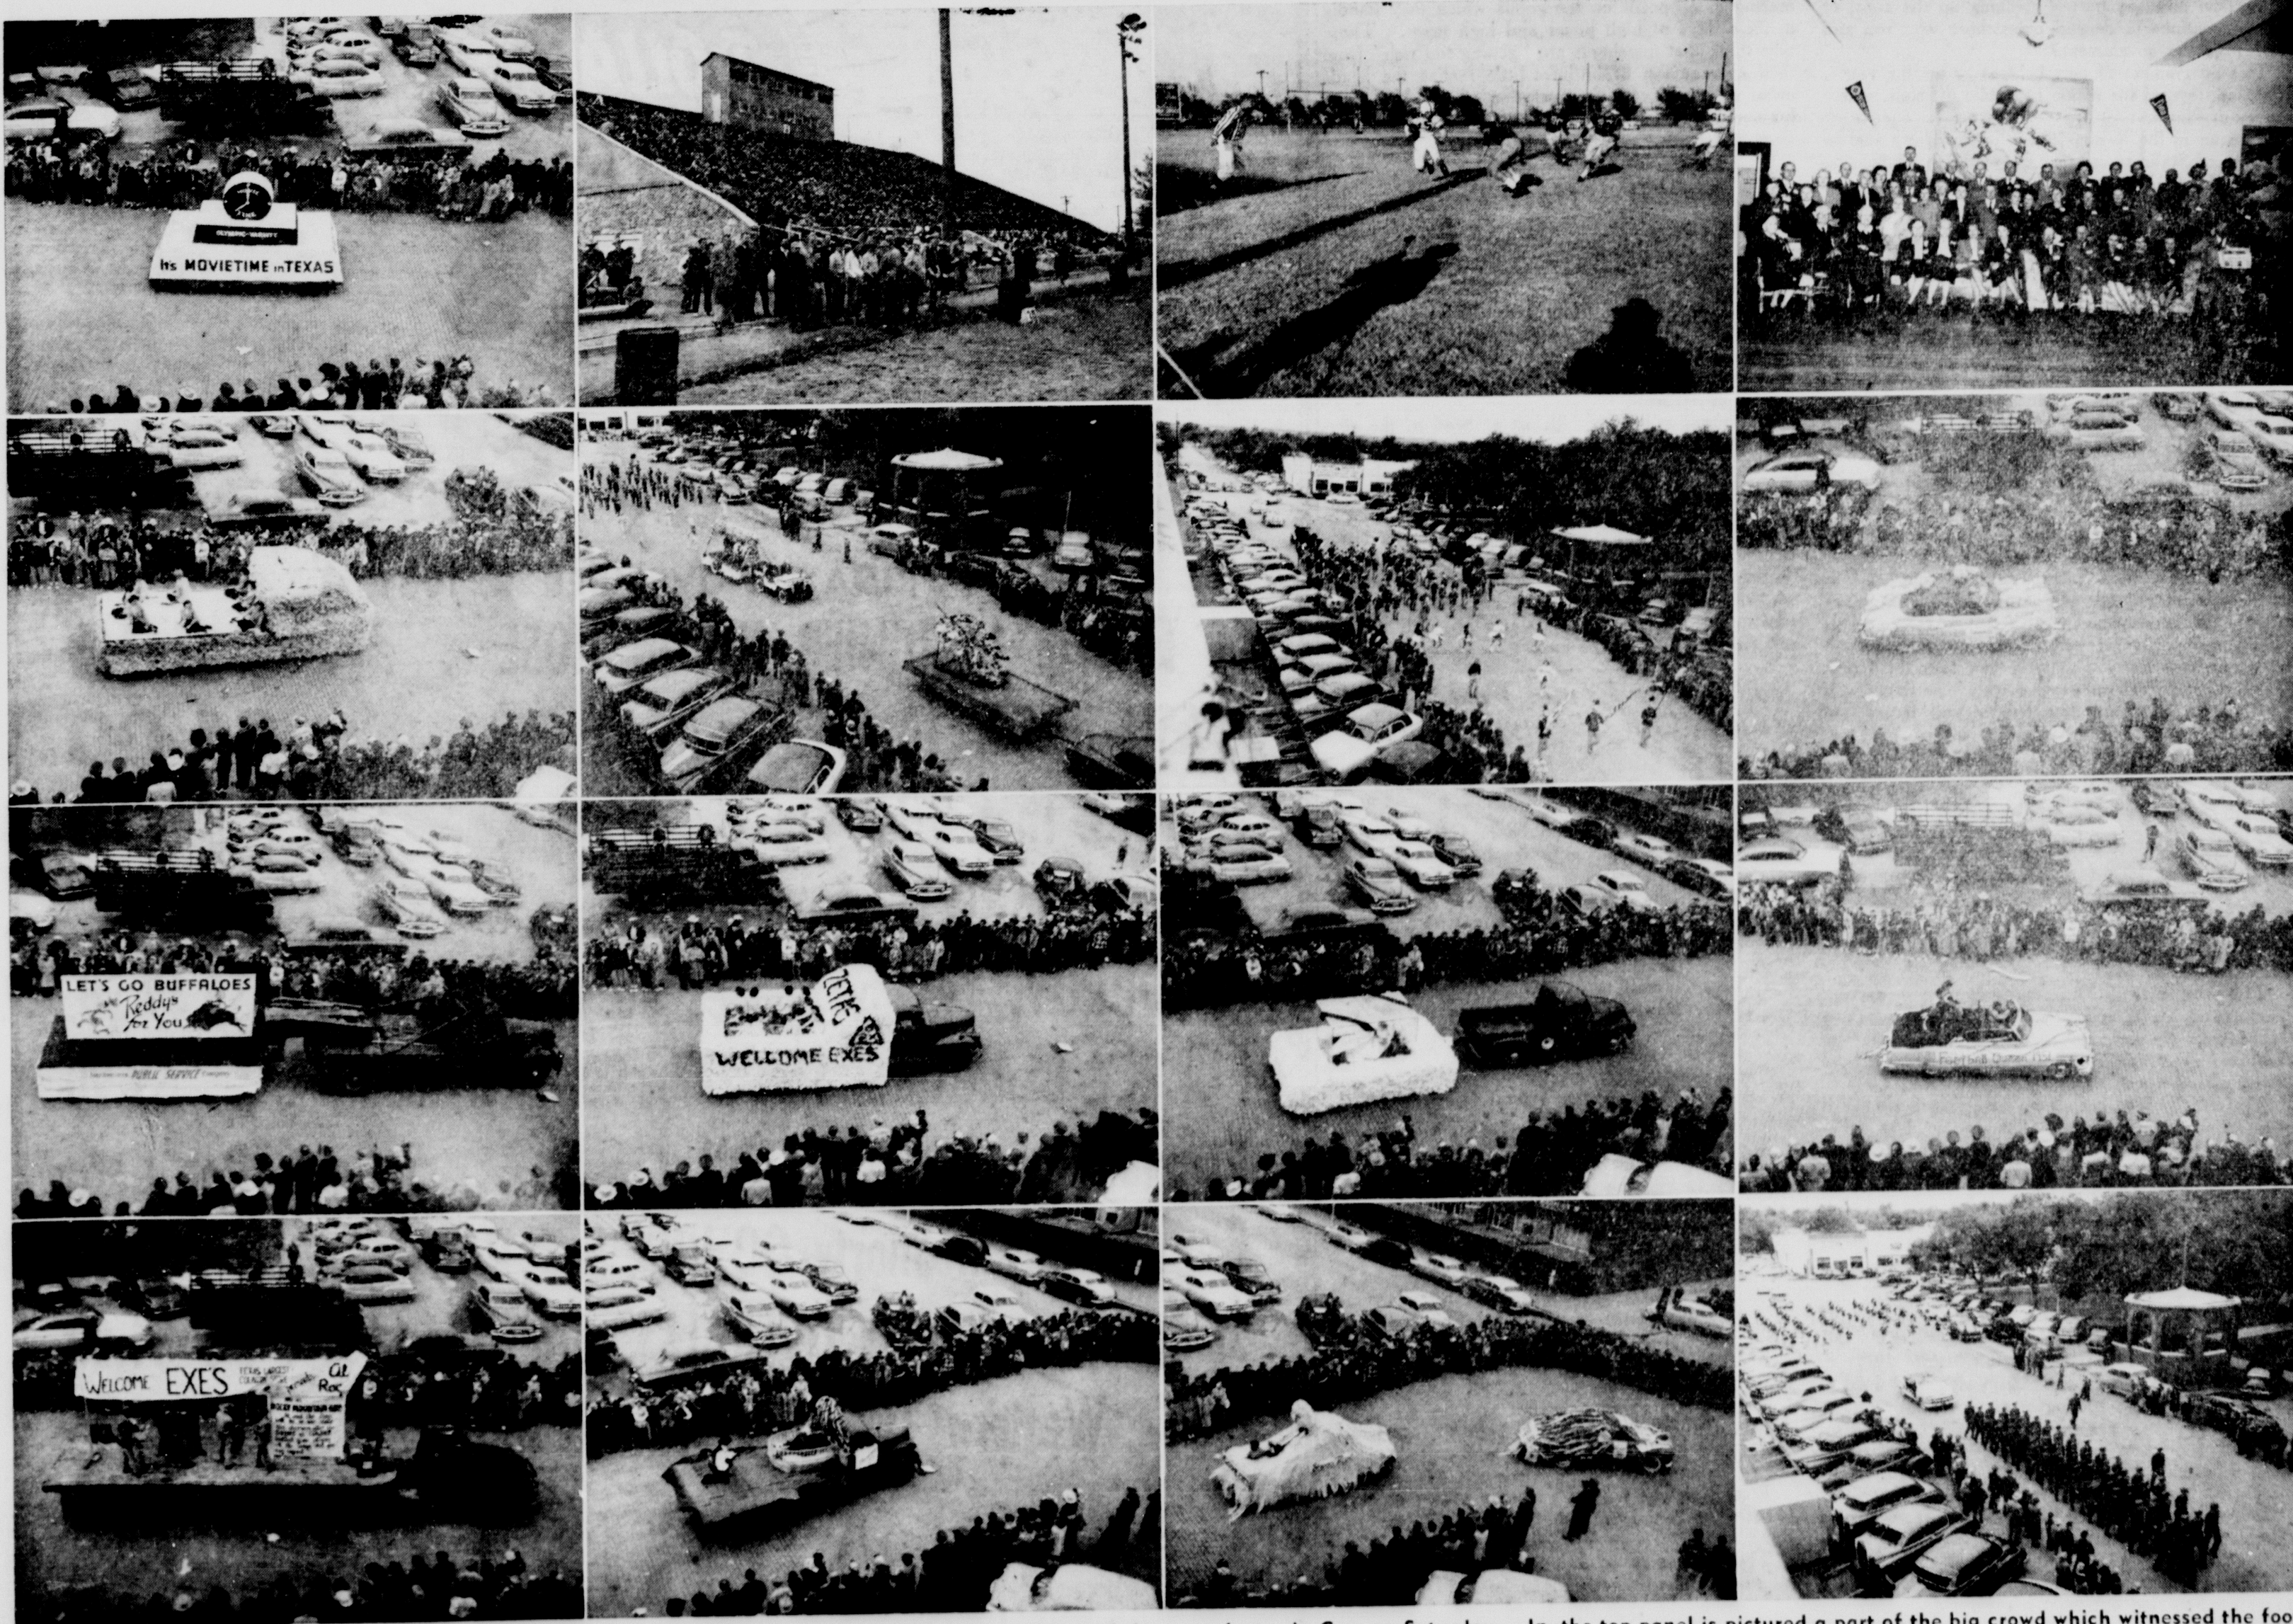

Things are simply happening too fast for Cecil Massey. While he was in Boston, Mass., recently, in connection with his recreational duties, he received an invitation to attend a special function in Tin Top, Texas. Massey wrote the thesis for his Master's Degree upon "The Recreation of Tin Top." The developments in that community which Massey helped to get underway have attracted wide attention.

Recently the community of Tin Top was selected as one of the 7 outstanding communities West of the Mississippi. The Columbia Broadcasting System came to make a thorough study and to prepare recordings for possible future broadcasts. This was the function to which Massey received an invitation, but his duties with the Recreational Congress in Boston conflicted and he was unable to make the Tin Top trip.

Club Women Will Talk on Safety

Texas Federation of Women's Clubs will hold a meeting in Amarillo at the club rooms in Amarillo on November 2 for the purpose of discussing safety. A speaker from Washington, D. C. will be present to lead the discussion.

Colorful Parade Staged in Canyon For the Annual Homecoming of West Texas State College Saturday

A few of the floats and decorated cars entered in the big Homecoming parade which marched around the court house in Canyon Saturday. In the top panel is pictured a part of the big crowd which witnessed the football game in the afternoon, together with a view on the playing field. The Class of 1925 (upper right picture) held its 25th reunion which will be an annual event. Eighteen bands played in the line of march. The Air Corps Cadets had a small group in the parade, while scores of men in uniform mixed with the big crowd along the line of march. In spite of the cool, disagreeable weather in the morning, the sun came out late in the afternoon, making an ideal ending for a pleasant Homecoming event.

EDITORIAL COMMENTS

General E. O. Thompson Has Sound Plea For Oil Men

We listened with a great deal of interest to the talk of General Ernest O. Thompson on the oil situation. We consider that Thompson knows more about the oil situation than most men in America, outside of the top flight oil executives. Perhaps he sits from a seat afar from oil activities and can get a better view of the situation than those close-up.

Thompson stressed the fact that the oil game was not a "poor" man's game. He pointed out that a vast percentage of the holes drilled for oil turned out dry. This fact is never stressed by the promoters who try to sell you stock in some oil test. The chance for loss is far greater than the chance for gain in a single shot hole.

The General defended the law which Truman is trying to change, reducing the percentage of depreciation. This allowance makes possible the expansion of the oil industry, giving the big companies money on which to explore for more oil. That is the reason so many leases are being taken in Randall County—a purely wildcat territory—with so many occasional test wells.

Oil is the thing which keeps war and industry in motion.

Perhaps a lot of oil is being wasted by civilians, such as we are, when we drive uselessly over the country, burning up valuable fuel for the pure pleasure of driving.

Study the oil situation. That is the only way we can keep up with the situation. The General makes a sound plea for the oil men.

President Must Clean Up or Be Kicked Out of Office

"To the victor belongs the spoils."

We heard this battle cry started in America many years ago.

"Turn the rascals out." This battle cry resounded when the "victors" came so near to wrecking the government through graft and greed.

We have the same situation today.

While President Truman has been pictured as an honest man, nevertheless he was a financial failure in business for himself, so what could you expect of him when billions of dollars were thrown into his lap for spending?

The terrible situation in the treasury department should make each and every American stop and ponder where all of this will end.

Are the "victors" determined to rob the nation of all of its wealth in spite of the needs of the people at home?

Is the President a party to this plan, or is he the victim of circumstances?

Will he take any part in cleaning up the mess, or will he continue to depend upon those who rob and steal from the government?

This government of ours belongs to we the voters. If we approve of the action of public officials, where are we drifting?

Truman in the White House is furnishing fuel to the plan of Stalin to conquer the world through bankrupting the United States.

Congressman Walter Rogers Is Opposed to Useless Spending

It took a great deal of courage for Congressman Walter Rogers of this district to cast the lone vote from Texas against the new tax bill. This vote was cast, not because Rogers is opposed to building an adequate war machine, which is being stressed by the administration in preparation to meeting the Reds on any front, but for the simple reason that Truman is refusing to observe strict economy in administration.

No doubt Mr. Rogers would gladly vote to increase federal taxes if he thought the money was being wisely spent. But the President still upholds the graft and greed of his former Missouri pals as they fleece the people of the United States; still adds more people to the federal payroll; still insists on adding fancy frills in the government.

Congressman Rogers was on safe ground, politically, as he cast his vote against this form of waste. Voters of the Panhandle agree with him that now is the time for conserving the strength and finances of this nation rather than throwing our wealth to the four winds just for the purpose of spending.

Whiskey Groups Seeking More Drunkards Through Daily Ads

The distillery operators are busy. The other morning we counted 14 big whiskey ads in one issue of one daily newspaper. The same series of ads was carried in all of the daily newspapers which came to our desk.

The whiskey distilleries are reaping a harvest. They make various appeals for men to drink whiskey. Drinking whiskey makes drunkards. These are the fellows that the distillers want. They must have steady customers, or their business will fail.

The only way to keep from becoming a drunkard is to leave the stuff alone. The sure road to bankruptcy, car wrecks, divorce courts, death and destruction is taken by those who take an occasional drink, just to be a good fellow.

People who spend dollars on amusement haven't any idea that they could help support worthy charities.

Not every pocket book that bulges carries bills of the realm — it may be that they carry mostly bills.

Most people favor anything which promises to return something for nothing or much for little.

Most people bow down and worship the individual who, they think, can do them the most good.

Our idea of a pleasant life is to have more income than expense and little or nothing to do.

Many people who do not believe in the Bible have never tried to find out what it says.

The modern life moves with a snap and hustle that often prevents clear thinking.

"Advertising" covers a lot of bookkeeping signs.

Draft Eisenhower Movement Growing Over the Nation

We sat with a group of interested citizens the other night and heard all of them highly praise General Eisenhower as the best bet to defeat President Truman in 1952.

Taft was ruled out as a cold, calculating politician who wanted too much to be President.

All in the group were afraid of General MacArthur. He is too much of a military man to suit the run of citizens. We find that the citizens are fearful of any cold, calculating military man who has been away from his native land as long as MacArthur.

Truman will run unless there is a concerted action in both the Democratic and Republican party to demand the election of Eisenhower. He may even run in spite of the corruption that is being uncovered in his administration. One thing is sure and certain, Truman will either run or dictate the Democratic candidate. So far he has not indicated his choice among the potential Democrats.

The feeling prevails that Eisenhower will not run unless he is drafted. Already the smear campaign has started against him. When you enter politics you may expect to see the character assassins get busy. Even though Eisenhower is no candidate, and is away from America on official duties, he is being bitterly opposed by certain individuals who like to delve in mud.

1952 is not far away. We shall see what we shall see during the big battle. Get your poll tax receipt ready for the big political battle of the ages.

Returned Merchandise Is and Always Has Been Expensive

A concerted drive is being made by Amarillo merchants on the unwise policy of "returned merchandise." Perhaps each and every town should start such a drive.

The trouble is in the laps of the merchants themselves. They have encouraged the practice of delivery of merchandise to their customers on approval, and then standing the expense of having the goods returned.

Not long ago a furniture dealer, not in Canyon, was required to refurnish a home. This was done in preparation to a big party which the little woman was giving. After the party was over the furniture house was required to come and get the stuff, replacing the old furniture. Naturally there was considerable damage done to the new furniture during the festivities. The dealers stood the loss and expense of delivery.

It is a common practice among certain classes of people to take out clothing and then return this clothing "after the big dance." Even shoes are taken out, then brought back, badly scuffed up.

All of this costs the merchant a lot of money—much more money than the customer realizes.

As a matter of fact, very few business houses are making much profit on the goods which they handle in these days of high prices and high taxes. Those who think that merchants are "getting too rich" from their average run of business little realize the headaches which go with the operation of any kind of a business. Expenses are killing off a large number of good merchants.

Churchill Will Have Tough Time Holding Reins in England

Churchill will not find the road smooth as he assumes control in England.

The Empire has already been dissipated.

Old England is broke, not so much as a result of an unwise Labor government, but by an unwise people who demanded more doles from the hands of this unwise government.

How long will Churchill last as head of the government if he puts on the brakes, and throws out some of the social frills which American dollars are paying for in England? Not long, we fear.

Churchill is 77 years of age. He may not introduce all of the changes which he knows must be introduced in order to save England from destruction. Whatever damage has been done under the unwise leadership of Attlee cannot be repaired in a short time. The people will not stand for such reforms until necessity forces the issue.

Dollar Day Comes Friday—Get Ready With Christmas List

Friday will be the first Friday in November, and therefore the regular Dollar Day for Canyon merchants.

Make your plans now to be in Canyon for this event and take advantage of the bargains which are offered for the one day.

Look over the advertisements in this issue of *The Canyon News* and then visit the stores who are inviting you to come by and take advantage of the bargains which they offer for the day.

It is not too early to start your Christmas Shopping, and Dollar Day will be a good time to start your Christmas list.

Some people carry grudges throughout life and, in time, retain the grudge without being able to explain it, even to themselves.

What has become of the civic-minded people who used to urge that the old home town be improved?

The trouble with people who insist that right must triumph is that they can't agree on what is right.

Statistics reveal many things but, first they must be intelligently gathered and then fairly studied.

The lazy man never works; the average man always works; and the brainy man gets the dough.

One of these days, the ideal political race will be staged and every candidate will win.

Flattery is one way to pave the walk-way of life but it often costs more than it is worth.

The business expert is usually able to put most of his work on the office help.

There are people in the world who think they can argue with electricity.

Not all the comic characters are to be found in the comic books.

8. What vote is required to override a Presidential veto?
9. What are the first seven words of the Constitution?
10. Which of the N. A. T. O. member nations has the smallest population?

(See "The Answers" on Page 7.)

GOOD QUESTION

Trying to rest after an exceedingly hard day, poor father was being bedeviled by an endless stream of unanswerable questions from little Willie.

"What do you do down at the office?" queried the youngster.

"Nothing," shouted the father.

It looked as if the boy had been shut up for a while, but not for long. After a thoughtful pause, Willie asked, "Pop, how do you know when you're through?"

KEEP HIM IN THE DARK

Mother with three children, all on the way to a movie, found a bus seat for the smallest child next to a nun. He gazed at the nun open-mouthed for a time, but was soon chatting away.

When they reached their destination Mother thanked the Sister for her patience, and hoped Jeremy had not been a nuisance.

"Not at all," the nun replied, smiling. "But, please, never tell him I'm not really a penguin!"

BUT WHEN—

A girl may wear a golf outfit and not play golf; a riding habit and not ride, but when she puts on a wedding gown — she means business.

A TALL TALE

Traveling through the west, a thirsty tourist had holed up in a range town tavern during a brisk and not-too-brief shower. Having resumed his journey, he was suddenly slammed on his brakes—so suddenly, in fact, that the car following him crashed into his rear bumper.

The driver of the second car leaped out and called angrily. "Hey, what's the idea?"

"Cautious," said the thirsty tourist thickly. "Slowing down for that big curve up there." And he waved toward a rainbow atop the crest of the slope.

AUTHORITATIVE

A young business man returned home tired from a hard day at the office to find his two children rushing madly about the house. He gave both a scolding and sent them off to bed as soon as they had eaten their supper.

The next morning he found this note pinned to his bedroom door: "Be good to your children, and they will be good to you. Yours truly, God."

TIME OUT

First Co-ed: "Why are you taking that whistle with you tonight?"

Second Co-ed: "I have a date with a basketball player."

THE AMERICAN WAY

A Hearing Aid Would Help

Newspaper Man Explains Danger Pension Changes

By Byron C. Utecht

Austin: Nobody is arguing whether needy Texas old folks should receive an increase in their monthly pensions. Such is far from the issue. The real issue is that obviously a hoax is being perpetrated in proposed constitutional amendment No. 6 to be voted on Nov. 13, in which hoax the old folks will be the innocent victims.

Because the amendment proposes to raise the ceiling from \$35,000,000 to \$42,000,000 a year many may be led to believe this will mean additional money for those on the rolls. Texans over 65 who have qualified as genuine citizens. But there is a "joker" in the amendment which is anything but funny.

This joker seeks to remove the citizenship provision under which applicants qualify and an estimated 30,000 aliens would be able to get aboard the gravy train, thus forcing the legitimate needy old folks of Texas to take a reduction, not an increase. Should the amendment be put into the state constitution without legislative remedy it will develop into a big factor in forcing a general sales tax upon Texas, for the few industries now bearing most of the tax loads are right at the tax saturation point due to the enormous increases in federal, state and local levies. Thirty states now have a general sales tax.

Moreover, there is much uncertainty regarding the provision in the amendment that apparently eliminates the lien on property of any pensioner, and the whole problem, a serious one is, that besides the thousands of aliens who would be entitled to Texas pensions the property ownership and aid from children will be wiped out, resulting in great confusion chiseling and injustices. This has happened in some states. Should the amendment be adopted there is abundant money in the general revenue fund for the \$7,000,000 appropriation without the necessity of raising a cent of new taxes at any special session.

Although there are some who shout that Texas is doing too little for the old folks compared to other states the records show they are wrong.

The average monthly payment at present in Texas for those on old

age assistance rolls is approximately \$35. According to the 1950-1951 report of the Council of State Governments the monthly average in Oklahoma is \$22.58; in Arkansas, \$20.99; in Georgia, \$20.58; in Kentucky, \$20.72; in Mississippi, \$16.38; in South Carolina, \$24.18; in Tennessee, \$26.56; in West Virginia, \$20.68; in North Carolina, \$20.44; in Virginia, \$19.59. So Texas makes a pretty good showing. While it is true that Colorado pays a much larger monthly installment on the rolls in that state compared to 227,000 in Texas. That makes a whale of a difference.

The oil industry, in which Texas plays a big part and which business employees 200,000 in this state, is fearful of nationalization of the industry. Very recently Walter S. Hallanan, Pittsburgh, president of the Plymouth Oil Co., said that many in Washington have carried on a smear campaign and insisted that this "Socialistic group aims for complete public ownership of the oil business from the producing well to the gasoline pump."

E. F. Bullard, president of the Stanolind Oil Co., said that unjustified and unnecessary controls and taxes approaching confiscatory levels will serve to hamstring the industry.

In Texas oil, natural gas and sulphur have become the necessities of life. They have made Texas what it is. Oil is needed for gasoline and scores of other products. Gas is not only used for fuel and heating but from it is made gasoline and plastics. Sulphur is used for making newsprint paper, steel, rubber tires, rayon and fertilizer. Without them Texas would have to go back to raising nothing but cotton, cattle and hell again. So why not encourage development of the three natural resource industries? Must we nationalize all business and persons via taxation?

Senator Robert Taft, of Ohio, is to campaign actively between now and convention time lining up support and delegates for his bid for the Republican nomination. The Senator considered and then discarded the advice of old-line politicians that he should delay his announcement of intentions. He tried that twice before and lost.

What suspicious Congressmen are looking for, as they pry into affairs of the Internal Revenue Bureau, are signs that a nationwide racket was being built to fix taxes for taxpayers in trouble. Congressmen suspect a big-scale shakedown.

Estimated 1951 cotton yield drops to 16,931,000 bales.

MAYBE BASHFUL

Landlady: "That new boarder is either a married man or a widow."

Daughter: "Why ma, he says he's a bachelor."

Landlady: "Well, I don't believe it. When he opens his pocketbook to pay his board, he always turns his back to me."

J. Howard McGrath's Department of Justice is on the list of Government agencies to get a close eyeing by members of Congress who are in an investigating mood. The question to be studied concerns why it is that the Government's law-enforcing machinery has been unable or unwilling to discover law violations that Congressmen can turn up almost anywhere they want to look.

CRUEL MAN!

Lady in Milwaukee obtained a divorce because her husband turned off his hearing aid when ever she wanted to fuss at him. Presumably this classified as cruel and inhuman treatment.

JUST BOYS

"Men are only grown-up boys," says a woman novelist. The child who used to take the clock to pieces to see how it works now does the same to his car to see why it doesn't.

T. J. Prichard To Celebrate 100th Birthday Monday

A lifetime spanning 100 years will be observed by T. J. Prichard November 5. Prichard came to this vicinity over 52 years ago and for many years was engaged in farming. At that time he recalls that less than a half-dozen buildings stood where Canyon is today. The most thriving and important business here at that time was a blacksmith shop. There were a few small huts in which people lived.

Mr. Prichard came from Tennessee to Texas. He recalls the Civil War quite vividly. He relates that General Robert E. Lee was a guest in the Prichard home upon several occasions. In another interesting instance Mr. Prichard recalls shaking hands with President Lincoln.

There was a small railroad station here when Mr. Prichard arrived on the train. There was no highway system nor improved roads linking the towns and cities of the plains. The chief mode of transportation was by wagon or steer cart. Ranching and farming were about the only major occupations being practiced. Prichard recalls that many wild horses roamed the plains and many ranchers rounded them up and broke them to ranch work.

One of the greatest hazards of the day, recalls Mr. Prichard, was prairie fire. The native grass was waist high over most of the plains and on a windy day it was all but impossible for a rider on a fast horse to keep ahead of a fire. Wild game of various kinds roamed the plains and Mr. Prichard remembers huge herds of buffalo and large droves of antelope as well as a large number of deer.

The developments of most of the transportation systems of today were witnessed by Mr. Prichard. He has ridden in everything from an ox-cart to an airplane. Prichard plans an airplane ride on his 100th birthday.

On Sunday before his birthday on Monday, Mr. Prichard will be given a birthday party with all the trimmings. The cake will have 100 candles on it. All the relatives plan to attend. Approximately 60 people are expected to turn out for this extraordinary celebration. The celebration of a life which has reached the century mark.

EPISCOPAL GUILD MET RECENTLY

The Episcopal Guild met recently in the home of Miss Jane Darland. Mrs. Edwin Pettitt gave the devotional. Mrs. Fred Jennings gave the program which began the study of "Faith and Practice." Those attending were Mesdames Edwin Pettitt, Fred Jennings, O. L. Coleman, V. K. McCaskill, Frank Kimbrough, Geo. Hand and Miss Kathryn Sensabaugh, Joann Cooley, and the hostess, Jane Darland.

The group attended a special auxiliary meeting at the Andrews Episcopal Church in Amarillo Tuesday night.

Lt. and Mrs. James B. Watts and children visited over the week-end in the home of Mrs. Watt's mother, Mrs. Hattie Brasuel, and the B. A. Brasuel family. Lt. Watts is in the CAA Air Traffic Control School at the Will Rogers Field, Oklahoma City.

Mrs. Amelia Warren visited in Friona over the week-end.

A. A. U. W. Meeting Slated November 5

At the regular monthly meeting of the American Association of University Women to be held in the home of Miss Helen White Moore, 2102 Fifth Avenue, on Monday, November 5, at 7:30, the group will discuss the revision of the A. A. U. W. schedule in the light of the suggestions made at the spring convention held in Galveston as reported by Mrs. Ethel Shaw and Dr. Hattie Anderson. They officially represented the Canyon Branch at this meeting.

The Arts group will continue its discussion of F. Scott Fitzgerald's life and works. The International Relations group plans to proceed with its study of the world's favorite recipes which is, in itself, one of the ways to bring about better international understanding. The Social Studies group, in cooperation with the P. T. A. will have its third meeting on child growth Friday morning, November 2, at 9:30, in the basement of the First Baptist Church. The group will discuss "What Do the Jones Expect of Their Children?" continuing this phase of the subject which was touched on at the previous meeting. General topic of the series is "What Does Keeping Up With the Jones Mean to Our Children?"

DINNER FOLLOWS BAPTIST SERVICE AT KUKLMAN HOME

Little Deborah Jean Kuklman, infant daughter of Mr. and Mrs. Herbert Kuklman, was baptized in the Trinity Lutheran Church in Amarillo Sunday, October 28. Mrs. Leroy Boehning and Mrs. William Schuette were chosen as her sponsors.

After church services a lovely dinner was served in the home of Mr. and Mrs. Herbert Kuklman to the following guests: Rev. and Mrs. Martin J. Hartenberger, Ronnie, Harriett, David and Jonathan of Amarillo; Mr. and Mrs. Herman Kuklman, Alvin and Jimmie of Canyon; Mr. and Mrs. Guy Gripp, Martha, Dorothy and Dick of Panhandle; John Gripp of Canyon; Mr. and Mrs. Leroy Boehning, Karen, Judy and Clifford of Canyon; Mrs. Ida Schuette, Mr. and Mrs. William Schuette, and David of Canyon.

WESLEY BIBLE CLASS ENTERTAINS WITH TEA

On Wednesday, October 24, Mrs. E. C. Penick entertained the members of the Woman's Wesley Bible Class with a tea in honor of Mrs. DeGraffenried and her daughter, Mrs. Kenneth McDouall, of Walla Walla, Washington.

After refreshments and an afternoon of happy conversation, Mr. and Mrs. Art Roberts showed pictures of the Penicks' golden wedding anniversary on their movie camera.

Guests present besides the honorees and the hostess were Mrs. J. A. Wiseman, Mrs. Moore, Mrs. Jenkins, Mrs. L. L. Gore, and Miss M. Moss Richardson.

Mr. and Mrs. A. D. Prater and Rebecca Ann have just returned from their vacation. They visited their daughter and family, Mr. and Mrs. Lewis Reed in Eldorado, Ark., and relatives in Dallas, Greenville, Miss., and Shreveport, La.

Mr. and Mrs. C. M. Payne of Dallas visited last week with Dr. Leta Boswell and family. Mrs. Payne is an aunt of Dr. Boswell's.

Mrs. D. B. Lowes has reported back to work at T. A. Black Dry Goods after two months absence and \$3,000.00.

Hugh and George Greiner of Stillwater, Okla., visited in the home of the A. M. Cunningham's over the week-end.

Mr. and Mrs. B. J. Peggram of Wellington and Mr. and Mrs. Bob Copeland were week-end guests in the T. C. Gooch home.

Lee Carlson of Denver, Colorado, and mother of Rahway, New Jersey, visited Sunday in the Dr. Dudley Moore home.

Mr. and Mrs. W. E. Roberts spent Tuesday in Clovis with his sister and husband, Mr. and Mrs. Guy Maxwell.

Strong - Inman Exchange Vows Sunday, Oct. 28

The West Texas State Memorial Chapel was the scene for the marriage of Miss Virginia Ann Strong of Lamar, Colorado, and James Allan Inman of Lamar, Colorado, on Sunday afternoon, October 28 at 3:00 o'clock.

Miss Strong is the daughter of Mr. and Mrs. Giles Strong of Lamar, Colorado, and Mr. Inman is the son of Mr. and Mrs. C. O. Elkins.

The Rev. Strauss Atkinson, pastor of the First Baptist Church, read the double ring ceremony. The gold altar set was flanked by tailored arched candelabras with white tapers. The chancel steps were marked with baskets of arrangements of white China mums and white satin ribbon.

Proceeding the ceremony, Mrs. K. E. Frieze, organist, played "The Old Refrain" by Fritz Kreisler, and "Ain't Sweet Mystery of Life" by Herbert. Miss Donna Erwin, soloist, sang "Because" by D'Hardelot, and "The Lord's Prayer" by Marlotte. "Indian Love Call" was played while the candles were being lighted. "I Love You Truly" was used during the reading of the ceremony. The traditional "Wedding March" by Mendelssohn and "Bridal Chorus" from Lohengrin were also used in the service.

Attending the bride was Miss Dorothy Carter, bridesmaid, attired in dusty rose Charmene gabardine dress suit with navy blue accessories and a navy blue velvet Juliet hat and Miss Betty Ratjen of Happy, also bridesmaid, wearing a grey wool flannel tailored suit with black accessories and a black velvet off face hat. They carried nosegays of small white mums accented with satin ribbon. The maid of honor, Miss Jean Hall, wore aqua crepe dress suit with black accessories. She carried a nosegay arrangement of small mums and light blue stock.

Attending the groom was Chas. Wright as best man. Groomsmen were Jerre Inman, brother of the groom, and Dick Ratjen of Happy. Ushers were Harold J. Prichard, cousin of the groom, Temple Elliott, also cousin of the groom of Tulsa, and Jack Ratjen of Happy.

The bride, given in marriage by her father, was attired in a street length dress of black velvet fashioned with a circular skirt over black crinolin slip. The short black velvet jacket had quarter-length sleeves and buttoned down the front accented with large white pearl buttons. A small Juliet cap of black velvet outlined with white pearl completed the bride's apparel. She carried a nosegay of white stephanotis highlighted with a large white orchid and light blue stock.

The bride's mother wore purple crepe street-length dress and black accessories. She wore an orchid corsage.

The bridegroom's mother was attired in a plum milline tailored suit with blouse and accessories of mauve. A brown valour off face hat completed the attire. Her corsage was of small orchids.

A reception followed the ceremony in the home of the groom's parents. The bride's table was laid with white satin dinner cloth, centered with the bride's bouquet, flanked with crystal candleholders and blue tapers. The three tiered cake was topped with a bride and groom. The table was appointed with silver and crystal. Mrs. J. Prichard, aunt of the groom, and Mrs. Addie Hefner, grandmother of the groom, presided at the serving table, assisted by Mrs. M. O. Elliott, aunt of the groom, and Mrs. John Jennings. Miss Jealea Elliott of Tulsa, cousin of the groom, presided at the guest book. Other members of the house party were Mrs. L. L. Byars and Mrs. J. J. Wright.

After November 1, the couple will be at home at Lamar, Colo., Star Route.

ANTHONY BREITLING HONORED WITH PARTY
Mrs. J. M. Breitling honored her little son, Anthony, with a birthday party on his ninth birthday, Saturday afternoon. Games were played by the children, and pictures were taken. Delicious refreshments of angel food cake, ice cream and cold drinks were served to Bill Pennington, Larry Raymond Holman, Frankie O'Donald, Jacquiti Barnard, Kay Dean Barnard, Douglas Breitling, Barbara Smith, Mr. and Mrs. J. D. Breitling of Spearman, and Mr. and Mrs. Eston Breitling of Canyon.

Mr. and Mrs. Travis Payne and family and Diane Prichard attended Homecoming at Texas Tech over the week-end. Richmond and Bill Payne are in school there.

Mr. and Mrs. Jimmie Holston of Borger attended the ballgame and visited Mrs. R. E. Foster Saturday afternoon.

Mr. and Mrs. Jimmie Holston of Borger attended the ballgame and visited Mrs. R. E. Foster Saturday afternoon.

Participation by Students in Local Problems Discussed

High School Principal J. E. Miller discussed the participation of students in school government at the Rotary Club luncheon Tuesday. He introduced Jimmie Cornette, president of the Student Council, and Johnny Miller, vice president, who is no relation of the Principal. Student Councils were organized in many of the schools years ago, but it is only recently that it was started in the Canyon public schools.

Mr. Miller is strong for this organization, which directs the activity of students rather than relinquish authority or management of the school board or faculty. Delegation of authority has improved the schools as it makes better citizens of the students.

Students are taught the problems of the school, and the officers thereby transmit to the student body their desires to make the school a better system. Student councils have a two fold aim: Improve the student, and to improve the school.

Too many people overlook the fact that students are citizens. The Council makes a practical laboratory through which the faculty works.

The Student Handbook published by the Canyon School is largely a work of suggestions from the students themselves. The activities are clearly defined. In helping build the school, the students have a definite purpose in view. The Council directs school programs; conducts fire drills; plans school picnics; holds school elections; holds orientation of freshmen; meets and welcomes visitors; studies the care of buildings and grounds; seeks good manners among the students; lives up to the Code of Honor of the school. President Bud Parker read interesting letters regarding the campaign which is being conducted to elect Herschel Coffee as District Governor.

Visitors were: John Hunter of Canyon; Rod Currie of Lubbock; J. Harry Brown, C. W. Rogers, W. Rusk, Irving Tolzien, Tom Cartwright, Carl M. Franz, Dr. J. H. Brown, C. F. Couch, all of Amarillo.

Mr. and Mrs. Jim Hill of Amarillo visited the R. E. Foster home Sunday afternoon.

NO. 703 GUARDIANSHIP OF ROBERT COSTLEY, A MINOR IN THE COUNTY COURT OF RANDALL COUNTY, TEXAS.

NOTICE OF GUARDIAN'S APPLICATION TO MAKE AN OIL AND GAS LEASE

To All Persons Interested in the Above Minor or His Estate:

YOU are hereby notified that I have, on the 30th day of October, 1951, filed with the County Clerk of Randall County, Texas, an application under oath for authority to make to Ted Greene an oil and gas lease on the remainder in fee simple interest, subject to a Life Estate belonging to the Guardian, in and to that certain real estate in Randall County, Texas, belonging to said minor, described as follows: All the North Half (N¹/₂) of Section Number Thirty-Five (35) Block Nine (9), B. S. & F. R. Co. Survey, Randall County, Texas, as SAVE AND EXCEPT that portion of said North Half (N¹/₂) of Section 35 which lies West of the County road, and containing 310 acres of land, be there more or less.

The Judge of the County Court of Randall County, Texas, on the 30th day of October, 1951, duly entered his order designating the 12th day of November, 1951, at 10 o'clock A. M. in the County Courtroom in the Courthouse of such county, at Canyon, Texas, as the time and place when and where such application will be heard at such time and place.

GLENN COSTLEY, GUARDIAN of the person and estate of Robert Costley, a minor.

NO. 703 GUARDIANSHIP OF CALVIN COSTLEY, A MINOR IN THE COUNTY COURT OF RANDALL COUNTY, TEXAS.

NOTICE OF GUARDIAN'S APPLICATION TO MAKE AN OIL AND GAS LEASE

To All Persons Interested in the Above Minor or His Estate: YOU are hereby notified that I have, on the 30th day of October, 1951, filed with the County Clerk of Randall County, Texas, an application under oath for authority to make to Ted Greene an oil and gas lease on the remainder in fee simple interest, subject to a Life Estate belonging to the Guardian, in and to that certain real estate in Randall County, Texas, belonging to said minor, described as follows: Section Number Sixty-eight (68), Block Number Nine (9), B. S. & F. R. Co. Survey, Randall County, Texas, and all that portion of Section Number Thirty-Five (35) in the same block and survey, which lies West of the County road and contains approximately 56 acres and which joins Section 68 on the East. The total acreage of the above described tracts is 730 acres, be there more or less.

The Judge of the County Court of Randall County, Texas, on the 30th day of October, 1951, duly entered his order designating the 12th day of November, 1951, at 10 o'clock A. M. in the County Courtroom in the Courthouse of such county, at Canyon, Texas, as the time and place when and where such application will be heard at such time and place.

GLENN COSTLEY, GUARDIAN of the person and estate of Calvin Costley, a minor.

Charles A. Wells Willson Lecturer

Charles A. Wells, Willson Lecturer, will be at the college auditorium Tuesday through Friday morning inclusive, November 6-9, at 10 o'clock each morning. The public is invited to hear Mr. Wells speak.

Mr. Wells will speak at the Rotary and Lions luncheons on Tuesday and Wednesday, respectively. He will also speak at the First Baptist Church on Wednesday evening at 7:30.

BILLY JO HUNTER ACCEPTS POSITION BLACKBURN BROS.

Billy Jo Hunter has accepted a position with Blackburn Brothers in Amarillo beginning October 29. Mr. Hunter will make his home in Canyon until his home in Amarillo is completed.

Week-end visitors in the home of Mr. and Mrs. J. M. Breitling were Mr. and Mrs. J. B. Breitling and boys of Spearman, Mr. and Mrs. O. D. Breitling and children of Hereford, Mr. and Mrs. Herbert Breitling of Hereford, Mr. and Mrs. O. B. Sampson of Channing, Mr. and Mrs. Eston Breitling of Canyon, and Miss Barbara Smith of Plainview. Miss Smith is the granddaughter of Mr. and Mrs. J. M. Breitling, and is a student at Wayland College.

Recent visitors in the home of Mrs. W. I. Wester were Mr. and Mrs. Randall Wester, Lannie and Donna of Amarillo, Mrs. Ray Crowder of Clovis, New Mexico, Mrs. C. M. DeGraffenried and daughter, Mrs. Jessie McDouall, of Walla Walla, Washington, and Mrs. Isabella Dickerson of Amarillo.

Neil Cooper of McLean visited in Canyon Sunday.

A woman who has found a use for the unpopped, unchewable kernels at the bottom of a sack of popcorn—she scatters them on the sidewalk in front of the postoffice, for the pigeons;

A church which looks gray with years—but the date on the cornerstone is 1927 - the gray is the grime of coal smoke;

Real antiquity: "Jaccard, jewelers since 1827";

A man in sandwich boards, advertising a book sale, his mouth moving as though he were in silent conversation with himself;

On a street car, an old woman holding a stout stick with knobs (like the cane Sam Houston carried);

A blind man singing, without musical accompaniment, in a singularly melodious voice, a chant which might have come from the hills of Scotland;

A "five-and-ten cent store" which sells wedding cakes, "enough for 80 guests," for \$22;

Another "dime store" which sells dressed friers;

(There is a drug store in San Antonio which has a shoe repair department);

George Boesch of the Von Hoffman Press who has a tape-line for fishermen—it's made of rubber and you measure the fish, then stretch the line;

The Rock Grill, basement walls

frescoed with drawings of Bing Crosby, Al Jolson, Whiteman, Cantor, Durante, George M. Cohan, Buster Keaton and Charlie Chaplin—and where you can get a small T-bone for 95 cents—or could in August).

Glimpsed in traveling: At Beebe, Ark., Eula and Bula's Cafe.

A signpost showing the way to the town of Hot Coffee, Miss.

And you've seen those service station signs: "Discount to Truck Drivers?" Well, there is a service station owner in Mississippi with the right idea. His sign reads, "Discount to everybody."

Bible Verse to Study.

"And he buried him in a valley in the land of Moab, over against Bethpeor; but no man knoweth of his sepulchre unto this day."

1. To whom does this verse refer?
2. Where is it found in the Bible?
3. Who were the Moabites?
4. Was the land of Moab a part of the "promised land?"

Bible Verse Answers

1. Moses.
2. Deuteronomy 34:6.
3. Descendants of Moab, the son of Lot.
4. No.

MRS. E. C. PENICK HONORS GUESTS WITH TEA, OCT. 24

In the home of Mrs. E. C. Penick on October 24, Mrs. M. C. DeGraffenried and Mrs. Kenneth McDouall of Walla Walla, Washington, were honored with a tea.

The Fiftieth Wedding Anniversary moving pictures of Mr. and Mrs. Penick were shown to the guests, also some Colorado scenes. Spiced tea, cookies, and candy kisses wrapped in Hallowe'en paper were served to Miss M. Moss Richardson, Mrs. L. L. Gore, Mrs. I. C. Jenkins, Mrs. J. A. Wiseman, and Mrs. J. A. Moore.

BRIDE-ELECT AT FUNERAL

Atlanta, Ga. — German-born Helga Viehl, 21, and Cpl. John C. Black, stationed at Fort Bliss, Tex., were to have been married on October 6, via long distance telephone. Instead, Helga attended Black's funeral. He was accidentally shot to death on a rifle range.

There are hints that President Truman will throw open the Democratic nomination before 1952 is very far along, permitting the party to make its own choice of a candidate without dictation from the White House.

Mohammed Mossadegh, Iran's Premier, does his fainting for dramatic effect. Doctors who have examined the Premier during a faint have discovered his pulse, breathing and heart action to be normal.

Millard F. Caldwell, Civil Defense Administrator: "We are going on the theory that if we are hit by Russians, we will be hit by atomic bombs."

PASSENGER AND POTATOES ALA CART—This elderly lady, wearied from a morning's shopping in the "Les Halles" district of Paris solved her tired-foot problem with ease. She merely hailed a workman hauling a potato cart and was given a ride. Ah, the advantages of French logic.

Exes' Magazine Out Next Month

"W-T ex Magazine" is the title of the newest magazine for all the ex students of WT.

A new project of the West Texas State Ex-Students Association, it will be a magazine for exes to be issued quarterly. Copies will be mailed to all ex-students whose names and addresses are on file with the association.

The first issue will come out sometime in November; it will consist of approximately 8 pages and will carry the complete story of Homecoming activities for this year.

The entire project is under the direction of Milton Morris, executive secretary of the WT Ex-Students Association.

The new bogeyman of high-level U. S. diplomatic planners is Georgi M. Malenkov, member of Russia's powerful Politburo. The idea being privately expressed is that Stalin is the cautious one and won't let war start, but if Stalin passes on, watch out, if his successor is Malenkov.

Some Air Force officers are highly critical of the military decision that sends U. S. planes up to the Yalu River to engage in air battles with Communist on terms and under conditions that the Communists determine.

Reserve officers, not regulars, are to bear more of the brunt of the fighting in Korea. About 80 per cent of officers of combat arms of the Army now being ordered to Korea for duty are from the Organized Reserve Corps.

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO: William C. Ellis, his heirs, assigns, and legal representatives
Defendant, Greeting:

You are hereby commanded to appear before the Honorable District Court of Randall County at the Court House thereof, in Canyon, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 10th day of December A. D. 1951, then and there to answer Plaintiff's Petition filed in said Court, on the 16th day of March A. D. 1951, in this cause, numbered 2288 on the docket of said court and styled George H. Walker and Wayne W. Byars, Plaintiffs, vs. William C. Ellis, his heirs, assigns and legal representatives Defendant.

A brief statement of the nature of this suit is as follows, to wit: Suit in Trespass to Try Title, and for damages, wherein the title to Lots Six (6) and Seven (7) in Block "E" and Lot number Five (5) in Block number "D" of the Broadmoor Addition to Amarillo, located in Randall County, Texas, according to the map or plat of said addition now of record in the Deed Records of Randall County, Texas, is involved as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.
Issued and given under my hand and the Seal of said Court, at office in Canyon, Texas this the 24th day of October A. D. 1951.
ATTEST:
ETHEL MULLINS Clerk,
District Court, Randall County, Texas

Buffaloes Lose Homecoming Game 27-6 to Hardin-Simmons Cowboys

The heartbreak of defeat on homecoming was suffered by the West Texas Buffaloes Saturday afternoon. Early in the game the Hardin-Simmons Cowboys scored in the first period of play and their lead was never threatened. Bobby Lane's pass to Joe Ogden resulted in the one and only West Texas touchdown during the game.

John Poindester, who has been doing some excellent work in booting the extra points this season, missed his cue and the conversion failed.

Although the Buffaloes were raked, the game was not an uninteresting one. There were sus-

pense filled moments when abated breath awaited a pass that looked good and ended up being intercepted. Such was the case when Lane chucked the ball to Airhart only to have the ball bounce out of Airhart's hands and into the welcoming hands of a Cowboy.

Once the Herd looked as though their defense would hold the Cowboys to little or no gain. Then the Cowboys kicked the props from the line and started to move toward paydirt. It took 11 plays but they made it and with only a few seconds of playing time left in the game, they made the con-

version for a final score of 27 to 6.

This week-end the Herd journeys over to Tempe, Arizona, for their fourth conference game of the season.

SUNNYHILL H. D. CLUB MET IN ALLISON HOME

The Sunnyhill Home Demonstration Club met in the home of Mrs. D. L. Allison October 25.

During the business session, the club decided to have the Western Avenue Club as their luncheon guests in the E. W. Miller home November 15. After the business session, Boston Brown Bread was demonstrated by Mrs. D. L. Allison.

Refreshments were served to Mesdames Mary Williams, E. W. Miller, M. R. Miller, Clinton Miller, S. L. Robinson, J. B. Knox, Orval Henry and the hostess, Mrs. D. L. Allison.

The next meeting will be November 8 in the M. R. Miller home.

SOCIAL PIONEER CLUB MET WITH MRS. FOSTER

Mrs. R. E. Foster was hostess to the Social Pioneer Club members and visitors on Thursday, October 25, in her home.

Mrs. L. E. Sims opened the meeting in regular form and presided over the business session. Singing was led by Mrs. Foster and The Lord's Prayer was said in unison led by Mrs. Penick.

After the business session the new program chairman, Mrs. H. C. Gentry, provided entertainment in the form of contests, songs, and games in which all members and visitors participated.

Mrs. Mollie DeGreffened and daughter, Jessie, from Walla Walla, Washington, were special guests. Thirty-two members and visitors enjoyed the social hour and refreshments of sweet cider, doughnuts, and candies which were served by the hostess and co-hostesses, Mrs. Lowry and Mrs. Sparks.

The Christmas party is to be held in the home of Mrs. E. D. Harrell.

Eagles Bow to Blackhawks in 47 to 13 Defeat

The Eagles went down clawing in a 47 to 13 defeat at Phillips Saturday night. A slippery pigskin, a muddy field and a superior football club beat the Eagles in a game that had been delayed from Friday night because of bad weather.

The Phillips Blackhawks recovered an Eagle fumble early in the first period to make their first TD. The left foot of Bobby Wells booted the extra point for a score of 7 to 0. During the second period of play Red Ratliff ran the ball 40 yards for an Eagle touchdown, but a referee called the ball back to the 18 yard line where Ratliff had stepped out of bounds. The Eagles worked the ball over the goal line for a score, but failed to convert. The Blackhawks sallied back for two more touchdowns during the remainder of the second period of play. Both conversions were made and at the half the score was 21-6 with the Eagles trailing.

The second Eagle touchdown was made by Ray Burrus who pulled in a high pass in the end zone. The conversion was made to move Canyon up to 13. The Blackhawks scored three times during the 3rd period and booted 2 extra points. At the end of the 3rd period of play the score was 13 to 41. The Blackhawks held the Eagles to no score during the 4th and final quarter while they worked the ball over for another score without the extra point. This moved the score up to 47 to 13 where it remained until the final whistle blew.

The Eagles made 9 first downs and the Blackhawks 11. The Blackhawks were penalized 12 times, the Eagles 6. The Eagles made 252 yards rushing, the Blackhawks made 375. Three times the Eagles threatened to snatch the initiative from the Blackhawks and 3 times fumbles tripped them up. Even though the Eagles went down to defeat there was outstanding gridiron performances turned in by Don McDonald, Red Ratliff, Jimmy Cornette, Arlen Ruthart, A. C. Wimberly, Pete Donnell, Dwain Currie, Johnny Miller, Jimmy Montgomery, Ray Burrus and Lynn Williams.

The Eagles have three more games of the season. Next Friday night they journey down to Tulia for a conference game. The other two games are with Hereford, to be played here, Floydada, to be played there.

PALO DURO-RUSK H. D. CLUB MET WITH MRS. BILL DUGAN

Mrs. Bill Dugan was hostess to the Palo Duro-Rusk Home Demonstration Club in her home on Tuesday, October 23.

The opening exercise was a sing-song led by Mrs. Edd Reynolds. The president, Mrs. Douglas Marshall, opened the business meeting with a verse and prayer from the yearbook. A progress report was given by each committee chairman, and Mrs. A. R. Northcutt was elected Parliamentarian for the next year.

A demonstration on steamed bread was given by Mrs. Roger Dugan and Mrs. Bill Dugan.

Refreshments were served to Mesdames Clem Dugan, Roger Dugan, Loys Knox, Douglas Marshall, Henry Miller, Burt Northcutt, Edd Reynolds, E. M. Wesley and two guests, Mrs. Randall Choate and Mrs. Ernest Sykes.

The next meeting will be in the home of Mrs. Douglas Marshall on Tuesday, October 23, which will be an achievement day. The Zita Club will be present at this meeting for a Bread Show.

CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 7.094 miles of Grading, Structures, Base and Surfacing from Four (4) Miles South and Seven (7) Miles West of Canyon to Jet with US 87, Four (4) Miles South of Canyon on Highway No. FM 1714, covered by S 1560 (1), in Randall County, will be received at the Highway Department, Austin, until 10:00 A. M., Nov. 14, 1951, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates. Plans and specifications available at the office of Byron Reese, Resident Engineer Amarillo, Texas, and Texas Highway Department, Austin. Usual rights reserved.

The magazine Texas Parade is published in Austin, but it undertakes to represent the whole state — in the words of its editor, Bill Alderman, its purpose is to "tell the story of Texas."

That chore, naturally, takes a lot of space, but Texas Parade keeps working at it, and over the long haul, a month at a time, the publication tells quite a lot about the Lone Star State.

When I was in Alderman's office the other day, he gave me an advance look at some of the stories that will be in the November issue, which will be ready for distribution within a few days.

I'll have to confess that while I read Texas Parade regularly, I am particularly interested in the November issue because the editor called on me to write for it a story about Denton.

Most folks know Denton as the home of two state colleges. I found, on a trip up there, that the North Texas city nearly doubled its population in the last ten years; that the county's farmers and ranchers are making rapid strides in the scientific improvement of their crops and their herds; that a new lake will provide plenty of water for industry that's to come; and that there is already a good deal of industrial activity.

In addition to which, Denton is the home of famous people. Billy Maxwell, the national amateur golf champion, is a student at North Texas State and Jeannine Holland, this year's Maid of Cotton, attends Texas State College for Women.

Denton, it must be added, has also produced a few infamous characters, notably Sam Bass, the early-day outlaw, who was killed by Texas Rangers at Round Rock.

My old-time friend Don Hinga, roving editor of the Houston Chronicle, has produced an article "Movie Time in Texas," wherein he talks about the recent visit to Texas of the Hollywood stars John Wayne, Dan Dailey, Keenan Wynn, Jeff Chandler, Jesse L. Lasky, Sr., Chill Wills, Greer Garson, John Barrymore, Jr. and George (Dink) Templeton.

Hinga produces these interesting figures about the moving picture business:

"There are 1,585 conventional theatres and 375 drive-ins in the state, with approximately 16,000 persons employed at a weekly payroll of more than \$500,000. More than \$200 million is invested in the

motion picture business in Texas. Texas is the biggest film center in the United States — and 7 per cent of all the national theatre revenue comes from Texas."

Marcelle Lively Hamer writes about the cowboy camp meeting held annually at a site west of Fort Davis.

Twenty-five hundred or so of the faithful — including those of several denominations — attend the meeting every year. One of the features is the men's prayer meeting. Joe Evans, who attended the first of these gatherings in 1890, said:

"Many a man has been corralled and headed toward the chute leading to righteous living under the Prayer Tree."

Wayne Gard tells how an old cattle trail figures in the highway modernization plans for the Dallas area.

"This," he explains, "is Preston Road, which echoes to the creak of covered wagons, the crack of freighters' whips, and the tramp of Longhorn herds. Today, as in the early periods of settlement and cattle trailing, Preston Road is the quickest route between Dallas and the Red River."

Texas Parade's publisher is General Ike Ashburn, sometime newspaperman, fighting soldier in World War I, commandant at Texas A. & M. College, business man, chamber of commerce executive, and now vice president and general manager of Texas Good Roads Association.

And a distinguished Texan.

PIE PROSPECTS

The Keystone Cops are planning a comeback via television; think of no better news for the pie industry.

FIRE LIFE AUTOMOBILE
G. E. WESLEY

**Farm Bureau
Held Banquet
Wednesday Eve**

At the annual Farm Bureau banquet Wednesday night, it was developed that Randall county has 491 members for this year and a drive will be made to enlist at least 650 members. There were 623 members last year.

G. E. Wesley, president of the Randall County Farm Bureau, presided.

Rev. H. L. Thurston gave the invocation following a group of songs by Canyon High School students under the direction of Miss Ada V. Clark.

G. A. Dietz was in charge of the program, introducing the various groups who have been working on the membership drive. A meeting will be held at the new offices in Canyon on November 7th at which time a check up will be made of the membership drive.

Visitors were present from Hereford, Claude and Dimmitt, in addition to Mr. and Mrs. Stanley Gault of Spearman and O. K. Hoyle of Seymour.

John Lee Smith of Lubbock made the principal address, stressing the need for organization among the farmers. Speaking from his long experience as a member of the Texas Legislature and as Lieutenant Governor of Texas, he called upon the members to be on their guard and to use discretion in giving their influence to government. Standing by their legal and moral rights is a part of the program of the Farm Bureau.

Mr. Smith recalled that he had been a student in W. T. in 1914-15 and knew this section of Texas. He deplored the invasion of power by the federal government.

When capitalism is destroyed, the church is destroyed; the schools and colleges have no source of revenue. Chaos follows, according to the pattern set in Europe.

Mr. Dietz called attention to the work that had been done by the Farm Bureau in killing undesirable legislation, and in the passage of approved legislation. Fully fifty per cent of the time of a farmer is spent away from his farm in order to look after public affairs, declared Dietz.

Local Boy Made 1st Lt. at Texas U.

Douglas J. Walker of 900 West 7th Avenue was recently appointed 1st Lieutenant in the Army ROTC Regiment at the University of Texas.

In the same bulletin there were 71 appointments to cadet officer ranks. Col. Frederic A. Henney, professor of military science and tactics, made the announcement and the bulletin was released to local papers October 25.

Gen. Matthew Ridgway, Supreme Commander in Japan, is not pleased by the statement of Gen. Omar Bradley, Chairman of the U. S. Joint Chiefs of Staff, that General Ridgway possesses the military means to bring the Korean war to a successful conclusion. To the Supreme Commander, Korea looks more like a military stalemate unless much larger forces are supplied to him.

Manly Fleischmann, chief, Defense Production Administration: "Military items are now chewing up the materials upon which the civilian economy depends for normal operation."

Herbert Morrison, British Foreign Secretary: "We should not start force, but if somebody else should start, then our people will defend themselves."

CORRECTION

It really isn't the fat man, but the fathead that nobody loves.

Star Boarder

**Mr. and Mrs.
Ercel Dunn Are
Killed in Wreck**

Ercel J. Dunn was killed in a wreck in Amarillo Thursday and his wife, Mrs. Agnes Moore Dunn, died in an Amarillo hospital as the result of the wreck. Their two children are in the hospital suffering injuries as the result of the wreck.

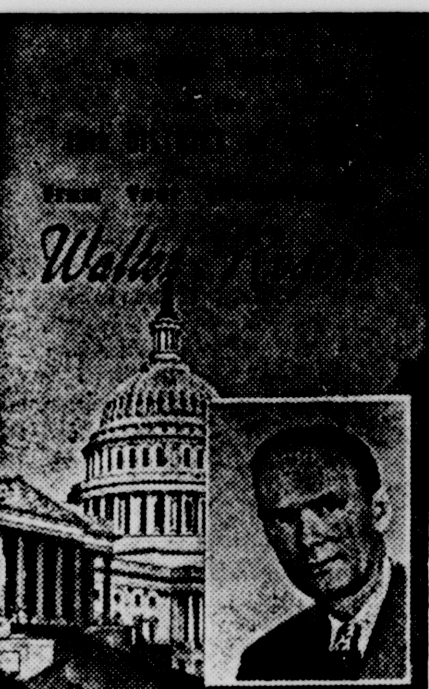

Two persons, a man and woman from East Texas, were killed in this accident in a car which hit the Dunn car.

Mr. Dunn was a deputy sheriff and tax collector in Canyon for several years. His wife is the former Agnes Moore, daughter of S. H. Moore of Canyon, and a sister of R. O. Moore of California, formerly of Canyon.

The funeral for Mr. and Mrs. Dunn was held in Amarillo Monday.

Confederate and the Union sides during that one-hour period were greater than the casualties of the entire United States Army for the first five days of the invasion of Normandy in World War II. One unit of the Union Army still holds the record for percentage of loss in a single encounter. It was a Minnesota regiment and the percentage of casualties in the one encounter with General Longstreet of the Confederate Army was 82 percent. The estimated forces in the battle were approximately 75,000 Confederate troops and 87,000 Union troops. It makes one wonder how long man will pursue the futile course of war. I wish I had the space to tell you more. If you ever get the chance to visit the battlefield, do not miss it.

PLANS FOR VISITING THE DISTRICT: I hope to be back in the District on about the 5th of November. I wanted to come earlier, but there are so many things that must be attended to, both in the

WAR AND RUMORS OF WAR:

The Egyptian crisis could easily turn into the same type of powder keg as the Balkans prior to World War I. A prophecy as to the outcome would be foolish. No one knows, as the whole situation is touch-and-go. It is not new, as there has always been a certain amount of bad blood between England and certain of her colonies and protectorates. These disagreements have not heretofore erupted into warfare of global proportions. Let us hope that the present Egyptian crisis can be settled peaceably. It has been said by some of the supporters of Egypt's position that the treaty between Egypt and Great Britain concerning joint occupation of the Suez area and Sudan was not a voluntary treaty on the part of Egypt; that at the time this treaty was signed the Egyptian government was under threat of British arms and that Egypt was told by the British official in charge to sign or else. Whether or not this position is true, I do not know, but those accepting the story as true take the stand that Egypt should not be bound by a treaty entered into under those circumstances. The Suez Canal is a vital link in world affairs, and nothing would please Russia more than to have this link fall into the hands of some power or powers that could or would close it on a moment's notice to NATO and UN countries.

SUNDAY WITH THE FAMILY:

Last Sunday was the first Sunday I have been here that I got to spend the entire day with my family. Joan and I took the children and one of their friends to Harper's Ferry and then up to Gettysburg. It was a most informative, as well as pleasant, trip. Few people in this country realize the importance of the Battle of Gettysburg on the military tactics that have been employed in the wars that have followed the Civil War. The battleground itself covers an area of approximately 25 square miles. The Southern forces entered the battle from a northerly direction, and the Northern forces entered from the southern direction. The battle lasted three days, all of which time was not spent in fighting. The Southern forces gained control numerous times, and had they pressed their advantage upon any of those occasions, the South could and probably have won the war. The military generalship displayed at that battle has been the subject of detailed study by military men down through the years. It is reported that prior to World War II, Marshal Rommel, the "Desert Fox," who gave Field Marshal Montgomery so much trouble in North Africa, spent 18 months in this country studying in minute de-

90% For! 10% Against

Railroad workers are represented by 23 standard unions. By mutual agreement, 20 of these unions—comprising about 1,200,000 men, or more than 90%—are working under wages and rules agreed to by them and the railroads. But leaders of three unions—with only about 130,000 men, or less than 10%—still refuse, after more than a year of negotiations, to accept similar wage and rules agreements. These are even more favorable than the terms recommended by the Emergency Board appointed by the President.

Yes, it certainly seems to be finally about time that the leaders of the three unions stop their delaying tactics—their quibbling. But the leaders of the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors continue to refuse. They continue a course of dillying and dallying. It is definitely time to

END THIS QUIBBLING!

On June 15, 1950, an Emergency Board appointed by the President under the terms of the Railway Labor Act—an Act largely fathered by the unions themselves—made its recommendations on certain wage and working conditions ("rules" in railroad language) which had been in dispute between employees and the railroads.

More Than 90% of Employees Accept
Since then, terms equal to or better than the Board recommendations have been accepted by about 1,200,000 railroad employees—more than 90% of the total of all workers. They are represented by 20 of the 23 standard railroad unions.

Less Than 10% Refuse
But three unions—with about 130,000 men, or less than 10% of the total—have refused to accept, even after months of negotiations. These three unions are the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors. These are three of the so-called "operating" unions. Already the highest paid men in the industry, their leaders demand still further advantages over other workers.

In all, there are about 270,000 operating employees. But not all of them, by any means, are represented by BLE, BLF&E, or ORC. As a matter of fact, less than half—132,000 to be exact—are in these three unions. More than half—about 140,000—are in other unions, principally the Brotherhood of Railroad Trainmen. What makes the whole situation so hard to understand is that these 140,000 operating employees are working under wages and rules which the leaders of the other 130,000 say they cannot agree to.

What Do the Railroads Offer?
They offer these three unions the same settlement which was contained in a Memorandum of Agreement signed at the White House on December 21, 1950, by four brotherhoods and the railroads. Later these brotherhoods sought to repudiate this agreement. But on May 25, 1951, the Brotherhood of Railroad Trainmen signed a complete agreement carrying out the

principles of the Memorandum Agreement of December 21. They have been working under this agreement since May 25.

What About Wages?
Under the terms of the agreement, yard engineers, firemen and conductors would now be receiving a wage increase of \$.34 an hour (\$2.72 a day) and road engineers, firemen and conductors would now be receiving an increase of 19½ cents an hour (\$1.56 per day). Large sums of retroactive pay have already accrued and if the agreement is carried out, will be paid promptly.

What About "Cost of Living" Increases?
The White House Agreement includes an "escalator" clause under which wages will be geared to changes in the Government's cost-of-living index. Two such increases—April and July, 1951—have already been paid to the 90% of railroad employees covered by signed agreements.

What About the 40-Hour Week?
The White House Agreement calls for the establishment of the 40-hour week in principle, for employees in yard service. The employees can have it any time after January 1, 1952, provided the manpower situation is such that the railroads can get enough men to perform the work with reasonable regularity at straight time rates. If the parties do not agree on the question of availability of manpower, the White House Agreement provides arbitration by a referee appointed by the President.

What Else Do the Union Leaders Demand?
The continued quibbling of the leaders of the three unions has to do principally with

rules changes, which have already been agreed to by the Brotherhood of Railroad Trainmen. Of these, the principal one seems to be that having to do with so-called "interdivisional service"—runs which take in two or more seniority districts.

The union leaders would bar progress and efficiency in the industry, and better service to the public, by maintaining a situation where they can arbitrarily stop a railroad from establishing such interdivisional runs. The carriers propose that if a railroad wishes to set up an interdivisional run, the railroad and the unions should try to agree on such run and the conditions which should surround its establishment, and if the railroad and the unions can't agree, the matter will be submitted to arbitration.

But the three union leaders still refuse.

Rules Can Be Arbitrated
The railroads have not only offered these three unions the same rules agreed to by the BRT and covered by the White House Agreement, but have even agreed to submit such rules to arbitration.

The Industry Pattern Is Fixed
With the pattern so firmly established in the railroad industry, it seems fair to suggest that the leaders of BLE, BLF&E, and ORC stop their quibbling and take action to make the railroad labor picture 100% complete. Certainly today's economic and international situation calls for a united front. And certainly no good reason has been advanced why these three unions should be preferred over all other railroad employees.

We are publishing this and other advertisements to talk to you at first hand about matters which are important to everybody.

WHY JUST GET BY?

We are mature enough to reason or we would not be in high school. There is not one student in CHS who is incapable of seeing the utter futility of drifting along, devoid of ambition, content to just "get by" in life.

If people had always been ambitious as some of us seem to be, where would you and I be today—yesir, sitting in some dank cave gnawing at a slab of raw meat. But fortunately man has always yielded to the desire for a better existence than his parents attained.

Why, then, should we suddenly decide that the world owes us a living and if we cannot get by on luck, the government can throw out the line? Well, we are the government, or soon will be. And this world, this nation, this town, and every life will be just as good as each citizen has the fortitude to make the most of himself.

You can never attain anything really worthwhile without ambition. Just how on earth can any of us amount to more than a hill of beans with an insipid motto, "Oh, I'll get by?"

IT'S HALLOWEEN AGAIN

Boo!! Boo!! Boo!!
Yipe, who was that?
No! Yes, it's Halloween Again!!
The annual Halloween Carnival is to be held TONIGHT.

Drag your folks out to the gym and help them spend some money. Every class has a booth. Yes, bingo is outlawed!! So are many other games having to do with chances. But there is still plenty to do.

There will be candy, bathing beauties, soda pop, and sandwiches. But—the main event of the evening is the coronation of the Carnival Queen. There are four beauties running for the honor, and they're running fast.

Purpose of the carnival tonight is to keep children and young people out of trouble. Some kids are just turned "wild" on Halloween night. Attend the carnival then go home—it's on a school night. Of course, some windows will be waxed and some gas tank lids stolen, but let's not carry off the court house!!!!

Some folks say, "How can you have fun unless you—do something?" Well, here's the answer!! Come up to the gym and the high school folks will show you what to do without costing anybody very much.

In all seriousness, let's not be destructive tonight!!!!!!

Calendar of Events

Friday, November 2

Canyon football team plays at Tulia. 8:00 p. m.

Saturday, November 3

Weight: Dick Dawdy

Cal received a letter this week and he thought that he would like to answer it.

Dear Cal,
Why do pictures always portray storks standing on one foot when he sleeps?

Pat Ford

Dear Pat,
If the stork pulled the other foot up he would fall down.
Cal

Tommy Middleton says there is nothing plain about plane geometry to him.

Dating Data

Hey, guys and gals, would you like a few hints on how to act on one of those special dates? If so, here are a few that might be helpful.

GIRLS

Do dress appropriate for the occasion.

Do look fresh and neat.

Do be a lady and let the boy prove himself to be a gentleman.

Do have a few suggestions in mind when he asks you where you like to go.

Do be considerate of his billfold.

Don't use perfume in the place of a bath.

Don't wear gobs of make-up, be yourself.

Don't talk constantly about the "big shots" you have gone with or the special places you have been.

Don't feel as though the boy does not like you if he just takes you to a show and to a drug store for a soda instead of out for an expensive evening.

Don't leave up to him all the decisions on what to do or where to go.

BOYS

Do be on time.

Do prove yourself to be a gentleman.

Do try to make your dates a little ahead of time.

Do try to have that "band box" look.

Do help in the conversation.

Don't come dragging in late (unless you have a very good excuse).

Don't drive up and honk and expect the girl to come out and meet you.

Don't call the girl the last minute and expect the girl to come jump at the chance to go.

Don't have that "after football practice" appearance.

Don't use an excessive amount of hair oil.

Eighteen hundred feet of curbing is being put around the football practice field. The purpose of the curbing is to hold the moisture on the field and prevent cars from driving onto the field.

Leonard Interprets Nature Lore

A mystery instrument which has no keyboard, strings, reeds, slides, valves, or keys and which plays without being touched!

Paul Leonard, Massachusetts musician, will appear in a Southern School Assembly in the Canyon High School auditorium, November 6. He is recognized as a trumpeter of the first rank and provides his own accompaniments and producing systems for his programs. As a child, Mr. Leonard early began to study and imitate the calls and songs of birds. Now, he combines whistling and trumpet playing into a program of entertainment.

His background, in the Berkshire Hills of Massachusetts, enables him to present a fascinating study of nature lore, his own interpretations of bird calls, and the playing of his mysterious instrument.

Homemaking Girls Complete Project

Say, have you noticed the newly upholstered living room suite in the reception? Have you noticed the brown valances in the cafeteria and the rose bushes just lately planted in front of the homemaking department?

If you have, you probably wonder who the good "fairies" were who did these things. The credit and appreciation goes to the homemaking girls who completed a summer project. These girls all pitched in to help accomplish these achievements for group projects.

Perhaps if you had visited some of the girls' homes during the summer you would have observed some of these individual projects being beautifully completed. One girl planned and furnished her ideal room. It was equipped with a chartreuse quilted chintz bedspread, a forest green chair, yellow organdy curtains, and pale yellow walls. Being observant, you probably noticed some of the pretty clothes the girls are wearing. These talented girls made some of them. Each girl made as many as three, while some completed twenty articles of clothing for a complete wardrobe. They also did cooking, freezing, gardening, and home redecoration. These projects were accomplished by forty I and II year homemaking girls of Canyon High School this past summer.

Canyon Classroom Teachers Study Evaluation Program

Canyon Classroom Teachers will receive instruction on the coming all-school evaluation program at their regular meeting November 6, 7:30 p. m., in the High School cafeteria.

Four phases of the program will be elaborated upon: The Purpose and Scope of an Evaluation Program, E. R. Reeves; Self-Evaluation, E. A. Wooten; The Utilization of Available Resources in Evaluation, J. E. Miller; and Specific Plans and Procedures for Launching and Conducting a Self-Evaluation Program, Emmitt Smith.

The organization of committees for work will be an important feature of the evening following the discussions of the hour, and will precede the social get-together which will conclude the night's events.

Mrs. Camille Bell, president of the organization, urges every one to be present at this first night's work.

Strength of Flock Encourages 'Elbert'

With his heart in his throat, sturdy Elbert Eagle approached the neighborhood in which "Blackie" Hawk reigned.

"Blackie" had been making himself a menace in general, but particularly so in Elbert's own backyard.

Elbert had not said much about his determination to lick "Blackie" and few birds knew he was out to find "Blackie" and beat him up now.

"Who do ya think you are?" said "Blackie," flapping his wings.

And they began to fight! Elbert's lithe body and deliberate methods soon put him in the lead, but after the first tussle he seemed to lose ground. Soon he felt he had no chance at winning.

As he was about to give in, there came from the sky a flock of his own kind, calling, "Get him, Eagle!"

The sight of someone of his own gave Elbert so much courage that he renewed his effort with such vigor that he came away bearing the big bird's tailfeathers.

Moral: The football season is now in full swing. Our Eagles could fight better if they saw a familiar face or two at the games.

Wilson calls for employment of handicapped workers.

Bull-e-Teens!

HOMECOMING FLOATS

Four floats and the band represented Canyon High School in the Homecoming parade for West Texas State College, October 27. The clubs sponsoring floats were the FFA, FHA, Spanish, and Junior Red Cross.

Sarah Colwell, Florence Coffee, Joyce Payne, and Lou Yarbrough rode on the FHA float, which carried out the club colors of red and white and the flower, the red rose.

Elvira Boyd and Charles Boling rode on the Spanish float, which was a balcony scene of a Spanish senorita with a senor singing to her.

Rita Jo Crow, Johnnie Bonds, Barbara Beck, Laura Kinney, Alice Simms, Virginia Holt, Anne Barnhill, and Helen Martin were on the Junior Red Cross float which was in club colors, red and white.

The FFA float had the five aims of the club and the banners won this year. Shirley Erwin, FFA Sweetheart, and her attendants, Bette McGehee and Nelda Ruthart, also rode in the parade.

FHA MEETING

FHA Members! Please get your Christmas festival gifts in as soon as possible. Money for the chap now, in order to have the pins here for the initiation ceremony of the organization.

ENSEMBLES ENTERTAIN

Members of the ensemble group attended the Philharmonic Club International Relations tea, Sunday afternoon, as guests of Miss Ada V. Clark, CHS choral director.

The members are: Nancy Bolton, Marcia Bynum, Bettie Jean Graham, and Wayne Bassett.

The ensemble group, singers grouped together singing in parts, sang at the Texas Farm Bureau banquet held at the high school cafeteria Wednesday night, October 24.

A girls' double duet consisting of Laura Kinney, Sue Ann Kinney, Shirley White, and Bertha Lindsey sang: "I'll See You Again" and "Indian Love Call." The boys' group, consisting of Dan Gaylor, Wayne Bassett, Ray Green, and Donald McDonald, sang "Ol' Man River." The two groups sang "May the Good Lord Bless and Keep You" which ended their part of the program.

Miss Elva Fronabarger, Canyon Grade School principal, fell and broke her knee cap Wednesday, October 25. During her twenty-eight years of service with the Canyon Public School she has won the respect and love of hosts of friends.

AMARILLO PAYS VISIT

A group of Amarillo High School students made a friendly call on CHS last week during their visitation day, to compare the two school systems.

After having been introduced to Mr. James E. Miller, principal, the students (Wanda Wharton, Sue Boren, Glenna Brannum, Wanita Carroll, Mildred Boren, Valeta Wharton, and Bill Huff) were conducted on a tour of the school.

Several remarks were made, both good and bad, concerning the system, student body, and school. The trustfulness with which coats and other possessions are left out in the open without being bothered; the order in halls during passing periods; and the general friendliness of the school were especially discussed. The main points most disliked were the "slippery floors" and the "tardy bells."

Canyon High School student body and faculty wishes to extend their sympathy to Lura Nell Prichard, Houstene Prichard, Jim and Wynelle Montgomery, Dwain Currie, and Lucy Hollabaugh in their bereavement.

BAKE SALES

A bake sale will be held at Cooper's Market Saturday, November 3. The proceeds will be used for the senior trip. The senior class made \$70 on a previous sale held October 6.

Look at that cake!!

Ummmmmm!!!! Canyon High School bake sale proceeds amounted to approximately \$80. The money will be used to buy jackets. These band awards will be presented to the graduating seniors.

President Truman is letting it be known now that he will not join Winston Churchill—in his Churchill proposes it—in new talks with Joseph Stalin unless Stalin comes to Washington.

Bill Knighton went to Corsicana over the week-end to visit in the home of his wife's parents. His wife and baby returned home with him.

What is done hastily cannot be done prudently. —Publilius Syrus.

Wisely, and slowly; they stumble that run fast. —Shakespeare.

Phillips' Blackhawks gave the Canyon Eagles the bird here Saturday night, October 26, lashing the Eagles 47-13, before a cold, small crowd. The inter-district game was marred by many fumbles, penalties and delays.

Stanley Alexander recovered a Canyon fumble on the Eagle 14 and four plays later went over from the three. Bobby Wells made the first of his five conversions as the game was less than a minute old. A fumble on the Phillips 44 ruined Canyon's chance for a TD in the first quarter and the period ended, 7-0.

Midway in the second quarter, Buster Hodges zipped 40 yards for a Hawk touchdown. But the real excitement came with little over a minute left in the half as each team scored one. Ted Reddick fumbled a punt and Lynn Williams recovered for Canyon on the Phillips 43. Red Ratliff hit big Ray Burrus in the end zone with a pass.

Shortly after the second half opened Phillips dashed 55 yards to pay-dirt. Canyon zoomed back with a 60-yard march in six plays to complete their scoring. The drive was capped by a one-yard pass from Don McDonald to Burrus, with Ratliff running the extra point.

Final scoring for Phillips came as Chuck Bennett made a two-yard buck in the fourth quarter.

FTA Elect Officers

Ralph Green, junior, is president of the District 9 FTA club for the coming year. Other officers are: Ouita Jefferson, Tulia, financial secretary; Donna Wright, Perryton, recording secretary; Fred Alexander, Wellington, vice-president; and Mrs. Irene Beard, Canyon, district sponsor. Emmitt Smith was re-elected college consultant sponsor.

The annual district meet of FTA was held in Canyon on the campus of WTSC, October 22.

Doyle Green and Ann Holt represented Canyon High School in the "King Pedagog and Queen Schoolmarm" contest. An award of \$25 was presented to Amarillo High School winner of the contest by the Canyon Lions and Rotary clubs.

An amendment to the constitution provides for newly elected officers and the past president to attend the state convention each year.

W. Averell Harriman, political adviser: "As regards the education of the masses, its productive capacities and industrial methods, the Soviet Union is the most backward country in Europe."

Mr. and Mrs. Frank Hicks have returned after one and a half months away from Canyon. They reported doing fine and are glad to be back home.

Randall County Activity Calendar

October 31st, Wednesday

Spook Parade sponsored by Canyon Recreational Program will start at 6:45 around square. Final judging will be over at 7:15 and awards will be given.

Hallowe'en Carnival at High School sponsored by P. T. A.

No Change Is Made in Census Count in Randall

The official count of the 1950 census was announced Saturday.

This announcement by the Census Bureau in Washington was the thing which caused so much speculation in Randall county during the election period and led to a division of the offices of District and County Clerk, together with a division of the office of Sheriff, Tax Assessor and Collector.

The first announcement came in June, which was unofficial, but this preliminary announcement was taken as the official announcement in the sight of the law, in spite of previous declaration by the supervisor of census that the unofficial census meant nothing.

No changes were made in the official announcement. Canyon was given a census of 4,364, while the count for Randall county was 13,774.

The total census for Texas was set at 7,711,194, which is an increase of 20.2 percent in 10 years.

No report has been made as to precinct population so far as it is locally determined. This will probably not be made until the published report is available.

Umbarger News

Mr. and Mrs. Jack Vorwald, Mr. and Mrs. Francis Friemel, Mr. and Mrs. Ray Gerber, and Mr. and Mrs. Sunny Gerber visited with Mr. and Mrs. Rudolph Friemel Sunday afternoon.

Mr. and Mrs. Paul Artho and family were dinner guests in the home of Mr. and Mrs. Edwin Skypala, Sunday.

Mr. and Mrs. Fred Vorwald, who have been visiting relatives in Umbarger, are returning to Bloomington, Wisconsin.

Mr. and Mrs. Bill Gerber and family visited Sunday with Mr. and Mrs. Pete Stork.

Mr. and Mrs. Dennis Brandt and family visited Sunday evening with Mr. and Mrs. Sylvester Batenhorst.

Mr. and Mrs. Joe Wieck and family, Mr. and Mrs. George Lieckus and girls visited Sunday in the home of Mr. and Mrs. John Bedenk.

Wedding Date Set

MERLE JEAN BULLARD

Mr. and Mrs. B. B. Bullard are announcing the engagement and approaching marriage of their daughter, Merle Jean, to Tommy H. Sherrill, son of the Rev. and Mrs. U. S. Sherrill of Sudan. The wedding will take place November 29 in the First Methodist Church of Canyon.

family and Mrs. Louie Wieck visited Sunday in the home of Mr. and Mrs. Eddie Wieck.

Mr. and Mrs. Glen McKenzie are on a business trip to Hugo, Okla.

Mr. and Mrs. Otto Prizlas visited Sunday afternoon in the home of Mr. and Mrs. Leo Klein.

Mrs. Frank Warren and Mrs. Leo Artho visited Sunday in the home of Mr. and Mrs. Anton Handing.

Exchanging visits were: D. Pond with Ray and A. G. Holenstein.

Larry Wieck with Kenneth Artho, Evelyn Hoffman with Phyllis Beckman.

MARRIAGE LICENSE

Edwin Dempsey Alexander and Thelma Audell Hershey, October 26.

James Allen Inman and Virginia Ann Strong, October 27.

L. B. Pendleton, Jr. and Betty Jo Brewster, October 27.

John Francis Warren and Regina Louise Acker, October 29.

ATTEND GRAND CHAPTER

Miss Wilma Hixson, Worthy Matron and Mrs. Lorenzo Wirt, past Matron, and Frank R. Phillips, past Grand Patron, attended Grand Chapter at San Antonio from Oct. 20 until October 25.

Mr. and Mrs. L. B. Penick of Tulsa, Mrs. Chester Ford, "Ikey," and Van of Amarillo were Homecoming guests in the E. C. Penick home over the week-end.

Mr. and Mrs. L. D. Jones of Denton visited in the B. O'Dell home over the week-end.

Just Between You, Me, and The Gatepost

Last week a flurry of activity took place in preparation of Homecoming. The climax of said activity was reached at parade time, beginning at 10:30 a. m. The floats of merchants and bands from near and far, took up the biggest part of an hour to stream by a huge crowd who gathered in spite of the cool temperature. People from the sidewalk and from cars parked about the square watched the interesting spectacle of colorful floats and uniforms as the procession entered the west side of the square, went on around the south and east side to turn down 4th Ave. and continue to the highway. Sheriff Cantrell, with an occasional blast from his siren, was at the head of the parade and John King quietly brought up the rear.

Once more as Christmas time draws near the people are planning city-wide decorations and activities. There has been some comment upon the beautiful decoration of the nativity scene which adorned the top of the courthouse last year. Cecil Massey, of the Chamber of Commerce, plans an even more elaborate and more beautiful display this year. Mr. Massey and Al Kieselbach will be working together for a bigger and better decoration to be placed on the courthouse this year.

Speaking of holidays and seasons, remember not to be surprised Wednesday if you hear "remember, tonight's the night," quite often. You see Wednesday is the day or night when witches, spooks and goblins make the rounds to see that their business interests on earth are taken care of for another year. Word has been received at The News office that a parade of spooks and eric costumes will take place around the square at 6:30 p. m. Also the annual Halloween Carnival will be observed in the traditional fashion at the High School. The pumpkins and jack-o-lanterns will be the familiar sights Wednesday night.

Although the greenbugs harvested the most of the wheat in this area this summer, at no profit for the farmers, the grain sorghum crop has come through to provide a nice profit in agriculture. W. H. Upchurch of the United States Department of Agriculture, reports that he has never seen the time when farmers were as completely prepared for frost as right now. Almost 100% of the farmers are 100% ready for a light frost. Such a frost would speed up the harvest of grain sorghum and also give the farmers a better grade of silage, say agricultural workers.

Another thing that is working in the favor of the farmer is the moisture that we have been receiving during the last few weeks. Sunday afternoon Frank Harvey from Happy dropped by The News office where a little catching-up work was taking place. Harvey reported the rains a great benefit for the recently planted wheat. He pointed out that the grain sorghum harvest is too far along for rains to damage it extensively unless it literally comes a flood. Thus the season is almost one of perfection for the farmers of our community. It's a beautiful season from any standpoint, unless it's that of a grouch.

What happens to a pool of water when there's no flow of fresh water into it and no outlet? It soon becomes stagnant and unfit for use and if it remains this way long enough it becomes salty and no good even for irrigation purposes. Communities can stagnate too when they become too self sufficient to accept ideas from outside their own small circle. In fact, an entire nation can go to pot in this manner. If you don't believe it, go back and read about what happened to China after the great wall was built to prevent the superior culture of that country from spilling over into the lands of the barbarians. What the Chinese forgot was that the wall also prevented outside influence from penetrating their country. You don't have to build a visible wall to prevent ideas from getting into a community. There is such a thing as tacit dissent which means silent disapproval. That is the type of wall we have to watch out for.

Miss Darthula Walker and Mrs. T. V. Reeves returned Thursday from Austin where they had spent a brief vacation and attended a meeting sponsored by the Hogg Foundation of the University of Texas.

Mr. and Mrs. Al Grabbe of Las Cruces, New Mexico, spent the week-end in the home of his brother and family, Oliver Grabbe. He is connected with White Sands Atomic Commission.

Mrs. Lang Hunter has returned from Alabama and Knoxville, Tenn., after four weeks of vacationing.

Mr. and Mrs. Ernest Russell and Mr. and Mrs. Clayton Knapp went to Goldsmith to visit relatives.

Special Election on Five Proposed Constitutional Amendments Nov. 13

Absentee voting for the special election on November 13 is underway at the office of County Clerk T. H. Lair. Absentee ballots may be accepted three days in advance of the election or until Friday, November 9.

The mail coming to The News office is being flooded with letters from two opposing factions on the fifth amendment, or the old age assistance amendment. Most of the opposition centers in East Texas on the grounds that the amendment will deprive those now on the old age assistance rolls, rather than aid them.

We note that two members of the legislature are debating this amendment in several towns. The author of the amendment takes the position that the amendment does no violence to the residential requirements. The opposing legislator says that this is not so. Who knows?

A newspaper man from Austin writes an interesting article which is published in this issue of The News opposing the amendment; a country newspaper man sent a long editorial to The News this week favoring the amendment. However, he states that he has submitted the amendment to five lawyers, none of whom agree as to the merits of the amendment.

A Townsend member from out-

side Texas called upon The News Sunday to support the amendment, but believes that all pension plans, including the railroad, telephone and various union plans, should be abolished and every person who has reached 65 years be paid a pension, regardless of their present worth.

All of this dope leads to confusion on the part of the voter.

Those on the old age assistance rolls need help, but how to get this help is another question.

C of C Observes Routine Meeting Thursday Night

The business on the agenda of the Chamber of Commerce Thursday night consisted of a discussion on the Safety Patrol being organized, plans for Christmas and various other affairs. Members voted to give \$500.00 toward organization of the Safety Patrol. This amount is one-third of the estimated full amount of getting the patrol organized.

It was also voted for Cecil Massey, the Chamber of Commerce manager, to join the Texas Chamber of Commerce Managers Association. The Community Clinic was also discussed and it was decided that the Board of Directors should study the report to determine what action should be taken.

Massey and Kieselbach were selected as a committee of 2 to work up a special decoration for the courthouse for the Christmas holidays. The Christmas program was discussed and it was decided to add 1,000 lights to the present stock.

There has been much comment upon the colorful decoration that was on top of the courthouse last year. Mr. Massey plans an even better decoration for the top of the courthouse this year.

Business of selecting members to serve as the Board of Directors was also modified at the meeting. Previously the members of the outgoing Board of Directors would select the persons to serve on the succeeding board.

Now, all the members of the Chamber of Commerce will have an opportunity to help select the Board of Directors. A ballot will be sent to each member of the Chamber of Commerce with the names of candidates on it. There will also be a space for write-in candidates if the person prefers to write in some name that does not appear on the ballot.

Fairview Breezes

We received one-half inch of rain Friday night, but haven't had any freezing weather yet.

The Tackey party was a lot of fun. The sponsors were Miss Lavena Amerson, Mrs. John Patterson and Ora Evans. It was in the school house Saturday evening, and Betty Patterson received the prize for the cutest costume. Coffee, cocoa and little individual cakes were served to the crowd by the hostesses.

Mr. and Mrs. Dean Cagle and Lynda visited in the J. W. Wesley home.

Mr. and Mrs. Alvin Wesley and son, Darrell, attended a family reunion in Bandera County Saturday and Sunday.

Mrs. Serena Bryan, Mrs. Alvin Wesley and Mrs. Harney Rogers attended a pink and blue shower at Levelland Friday afternoon honoring Mrs. Wayne Wesley and Mrs. Delbert Wesley.

Visitors in the J. W. Wesley home Sunday were Mr. and Mrs. T. H. Wann of Tuolumne, Calif., Mr. and Mrs. Coye Elkins of Tulsa, Mr. and Mrs. H. H. Shipman, Jerry, Nancaryl, and Gene, Mr. and Mrs. Richard Evans, Mr. and Mrs. G. E. Wesley and Lavena Amerson.

Those attending the Farm Bureau banquet in Canyon Wednesday evening from our community were Mr. and Mrs. G. E. Wesley, Mr. and Mrs. J. W. Wesley, Mr. and Mrs. H. H. Shipman and Mr. and Mrs. E. W. Schaeffer.

Mrs. Loveta Lowery and daughter, Patricia, spent Saturday night with Mrs. Lowery's grandmother, Mrs. M. F. Evans.

Vesta Amerson and Mr. and Mrs. Dean Cagle and Lynda visited with Mr. and Mrs. Hollis Amerson in Dumas Sunday.

Mr. and Mrs. F. O. Amerson are building on to their house.

Mr. and Mrs. Curley Myers attended the W. T. Homecoming in Canyon Saturday.

Mrs. Serena Bryan, Mrs. Alvin Wesley, and Mrs. Harney Rogers attended the football game in Happy Friday evening.

We have learned that Kenton Wesley is stationed at San Antonio. Ervin Wilson is home with a discharge from the army, but he is still in the reserves.

Mr. and Mrs. E. W. Schaeffer, Mr. and Mrs. Rafoed Shipman and Jannis visited Sunday in Lockney with Mr. and Mrs. Wayne Bramlett.

Fayerene Schaeffer is working in Lubbock for the Chevrolet Company.

The Centerview H. D. Club will meet Friday afternoon in the home of Mrs. H. H. Shipman. All club members are urged to bring breads to be judged.

Buy, Build, Live in Canyon!

Accidental Fall Hospitalizes Miss Elva Fronabarger

A nasty spill in the doorway of her office was instrumental in hospitalizing Miss Elva Fronabarger about 1:00 p. m. Thursday afternoon. Miss Fronabarger states that she was just entering her office for her usual afternoon's work when the accident happened.

The fall resulted in a shattered left knee cap, but surgical treatment was sufficient to repair the break. Although the knee may be a little stiff for some time to come, Miss Fronabarger looks forward to being as good as new in the near future.

Saturday afternoon the smiling school principal enjoyed her first solid meal since entering the hospital. She said that the fall was the result of a slick place on the floor.

No Serious Wheat Diseases in Area

According to the latest word received by John Brazzil, Randall County Agent, there are no serious wheat diseases to be found on growing wheat in this area at the present time. The report received by Brazzil was made by the wheat specialist of the Extension Service.

Specialists from A. and M. College on wheat and on plant diseases made a thorough inspection tour of the Texas Panhandle to check on reports that wheat was dying from a root rot fungus. In every case no disease was found and the trouble with wheat as it exists today is nothing but dry weather.

Wheat farmers become alarmed when the young wheat plants fail to develop a root crown. When the plants are pulled from the ground the primary root system is also pulled up exposing white root hairs. If the soil is moist the root hairs will not be visible to the untrained eye. The white roots are mistaken by wheat growers for a root rot fungus.

The report shows that some wheat is being damaged by the flea beetle insect. This is a chewing insect that eats the leaf portion of the wheat plant. The beetles work in patches and will severely damage wheat stands. Good moisture conditions will lessen the damage done by the flea beetles.

Woman's Book Club Held Meeting Oct. 24

Members of the Woman's Book Club were urged by the president, Mrs. James P. Cornette, to take a course in parliamentary procedure which will begin November 2, and will be given in the club room of the Museum.

At the meeting which took place on October 24, Mrs. L. A. Donnell, club critic, requested instructions concerning her duties, and the treasurer, Mrs. Frank Kimbrough, reported that the club has on hand \$71.50 after paying its immediate obligations. Miss Elva Fronabarger was elected to membership.

The study period was devoted to women in education as typified by Millicent McIntosh and Virginia Gildersleeve. Mrs. J. Evetts Haley and Mrs. Irving SoRelle were leaders in the study period. Pearl Buck will be the subject of study on November 14.

Members present at the last meeting were: Madames A. W. Sternenberg, Fred Standley, Irving SoRelle, R. A. Neblett, C. A. Murray, Frank Morgan, Clyde McElroy, J. W. Kleinschmidt, Frank Kimbrough, Lee Johnson, A. B. Holt, Charles Harter, J. Evetts Haley, Walter Graham, Tom Gooch, C. R. Burrow, Ray Campbell, S. H. Condron, J. P. Cornette, L. A. Donnell, C. M. Dowlen, Lon Fannin, Lee Foster, K. E. Frieze, Miss Mae Simmons and Miss Edna Graham.

Bill Cross Stars With Chi Cards

(Following is a reprinted article from The Sporting News in which Bill Cross, last year's terrific Buff back, is praised by Chicago sports-writers and his professional coach. Cross is currently the sensation of the Chicago Cardinals, pro football team.)

By ED PRELL

CHICAGO, Ill.

It is quite by accident that both of Chicago's football teams in the National League have secret weapons almost as small as the midget Bill Veeck of the St. Louis Browns smuggled into baseball. But where the baseball midget made only a single appearance, the two little football giants have become fixtures.

They are Wilford (Whizzer) White of the Bears and Billy (Wee Willie) Cross of the Cardinals. Readers of The Quarterback last week were given a report on the Whizzer. Now it's Wee Willie's turn.

Before the Cards met the Bears, October 7, there was no mention at all of Cross. Coach Curly Lambeau talked about his Charley Trippi, Elmer Angsman, Frank Tripucka, Don Paul, Fran Polsfoot and other stars. But nary a word about Cross. Meanwhile, Bear fans had swelled the crowd in Comiskey Park hoping to see the Whizzer put on his sensational running act.

All at once, the spectators were conscious of a wraith-like figure in red and white. He took an 18-yard pass from Tripucka for the first Cardinal touchdown, then scored another for the Lambeaus on a 39-yard gallop.

Cross is the smallest player in professional football and Lambeau still laughs when he recalls the first time Mrs. Violet Bidwell Wolfner, owner of the Cardinals, saw the little fellow. Wee Willie was strolling across the lawn at Lake Forest (Ill.) College, where the team exercised. His walking mate was Gene Ackerman, six-foot-five end from Missouri.

"Who's son is that with Ackerman?" asked Mrs. Wolfner. She couldn't help emitting a feminine guffaw when told by Lambeau that she was looking at a football player.

Lambeau made no such mistake as did Mrs. Wolfner. He had been briefed in advance on the five-foot-six 150-pound mite from West Texas State at Canyon in the Panhandle country.

Hallmark quality
at budget-wise prices

Hallmark Cards of Distinction, each with that famous Hallmark on the back that says, "You cared enough to send the very best," in boxed assortments to meet your every need... and the price is amazingly low—many assortments at only \$1.00 a box. See them today.

Warwick's

ball coach in the Southwest, recommended Willie to the Cardinal coach. Kimbrough, more than a decade ago, tipped off the Bears on Bulldog Turner, who will make almost two of Cross.

"Don't give up on Cross until he gets a thorough trial," suggested Kimbrough.

"He's the most surprising football player I ever coached," says Mons. Lambeau. "I found out early that he was tough. He proved to me he could do everything just as well, or better, than players of normal size. He just runs past, or under, the big fellows."

Like White, Cross was a high jumper in high school and college. In fact, Wee Willie was almost the whole show at Canadian (Tex.) High School where he won 12 letters in football, basketball and track. At West Texas State he earned four letters in football and one each in basketball and track. He was president there of his freshman class.

Cross, who appropriately enough was born in Fry, Tex., had a hot afternoon in the Sun Bowl at El Paso, January 1, when he scored two touchdowns in State's 14 to 13 triumph over the University of Cincinnati. That showing clinched for him mention on the Little All-America. In his case, making the Little A-A also was appropriate—just his size. He was 22 on May 3.

After Cross had run wild against them, the Bears had their own nickname for him. They called him Double Cross.

Lions Club Has Information Type Lunch Wednesday

'Let us forget' could easily have been the title of the Lions Club Program Wednesday. The program was under the direction of Aubrey Crossland who explained that members were not asked for donations. Money is obtained from the treasurer for those things which the Lions contribute to. An announcement is made to that effect and if anyone desires to make a contribution it will be accepted, but none is solicited.

Crossland also explained the function of the money obtained by the 'Tailtwister.' The tailtwister collects fines inside the club for such violations as being late for lunch, not wearing the Lions Club pin or not having the Lions Club decal on the member's car. Members were also reminded that three consecutive absences resulted in an automatic dropping of that particular person from the rolls as an active member.

The Lion welcome mat was thrown out for two visitors, E. L. (Mick) Campbell from Pampa and Jack Livesay of the Taylor-Evans Farm Store here in Canyon. Bill Knighton was introduced as a new member.

Sunday visitors in the P. M. Wilson home were Mr. and Mrs. John W. Wilson of Amarillo, Mr. and Mrs. Tige Groves, Robert, Rue Paula, and Nola Blanch of Stinnett, and Mr. and Mrs. C. E. Clark of Canyon.

Pfc. and Mrs. Dean E. Foster are visiting in the home of their parents, Mr. and Mrs. Jack Foster of Blackwell of Groom. Pfc. Foster will leave New Orleans, Louisiana, November 9, for Wordsworth, Germany.

Week-end visitors in the Henry Cone home were Mr. and Mrs. Lowell Miller and Pamilla of Lubbock, Mr. and Mrs. G. B. Cone, Stanton and Steven of Pampa, Miss Betty Jo Cone and Todd Cone of Perryton.

Mr. and Mrs. John L. Williams have returned home after attending the funeral services for her brother, Omer A. Rhodes, in Commerce, Texas.

Mr. and Mrs. Jack Jones of Stanton, Texas, visited in the home of Mr. and Mrs. Murrell Latimer over the week-end.

Mr. and Mrs. W. F. McCaghen visited relatives in Matador, Texas, over the week-end.

Every delay, however trifling, seems too long to a man in haste. —Seneca.

New Driver's Responsibility Law Is Explained at Informational Meeting

The red tape of owning and operating a car will increase sharply as of the first of the year. The 52nd Legislature recently passed several laws affecting the ownership and operation of automobiles.

In order to familiarize the general public, motor vehicle dealers, finance companies, banks and others concerned with the sale and operation of cars, the Texas Highway Department has scheduled 95 meetings of an informational nature. The first one of these meetings was held last Wednesday night in the Potter County Court-house.

Those instrumental in conducting this first meeting were: J. B. Johnston, legal representative of the highway department at Lubbock, E. J. Amey, Director of the Motor Vehicle Division, Mildred Timmons, Lowell Lindgren and D. L. Johnson.

Mr. Lindgren and Mr. Johnson were working out of Austin and it fell to them to explain the functions of the new laws. Mr. Lindgren spoke first and explained that new and unregistered cars will require a manufacturer's certificate from the state where it was purchased before it can be licensed in Texas. All motor vehicles will require a safety inspection before being registered. In the event that registration is suspended, the license plates will be picked up. License will be suspended on cars involved in crashes the owners of which are not covered with liability insurance and don't have the money to pay for damages done. No new license will be issued until such a debt is settled. Under the responsibility law a suspended registration makes it impossible for the owner to sell the car or transfer it to another person.

D. L. Johnston spoke next and explained that approximately 7,000 titles a day came into Austin. Naturally there is some delay in getting the titles back to the own-

ers and there are also some mistakes made. Those sending in titles are asked to be sure that the correct, full address is given. This will make possible a greater degree of efficiency. Local tax collectors will receive information on the new registration and operation laws as fast as it is available.

RED CROSS HOME NURSING CLASSES IN CANYON

The Red Cross Home Nursing classes will begin in Canyon next week. There will be a class in the afternoon and a class in the evening. Anyone interested in being in one of these classes is invited to meet the teachers in the County Home Demonstration office in the Court House Friday afternoon, November 2, at 2:30.

Classes will be limited to ten or fifteen persons. There will be seven two-hour lessons, and to receive the Red Cross card for completing the course one must attend all classes. This is an opportunity for Randall County to begin complying with the national Civil Defense plan for one person from every family to be trained in home nursing. Some one in every home has that duty at some time or other and can do a much better job for having had this training. Classes are free and the instructors are giving their time as a community service.

Do your duty and join a home nursing class. If you cannot get in these first classes, sign up for one later. Mrs. George Ballard and Mrs. Donald Olson will teach these classes and Mrs. Lester Bryan will teach one a little later. Mrs. Ballard and Mrs. Olson completed their teacher training in Amarillo this week and Mrs. Bryan completed her training in Lubbock last August.

Mr. and Mrs. W. E. Roberts spent Monday in Tulia with their daughter and family, Mr. and Mrs. C. L. Holcomb.

ROOT PAINT COMPANY

Of Course, It's an Electric Range
It uses clean Electricity!

No messy burners on an electric range . . . just the sparkling cleanliness of electric elements. For electricity is clean and spill-overs vanish into thin air . . . the electric elements completely clean themselves. You can take your finest party gloves (white, if you please) or your most delicate kerchief

and hold military inspection by actually wiping them over the electric elements. No fear, lady, they'll remain just as clean as they are . . . because electric cooking is the cleanest way of cooking yet discovered. An electric range stands inspection in the store . . . or in the kitchen!
